

Statement

This is to request a Class II permissive change for FCC ID: WQJ-VP6800B originally granted on 5/16/2025.

We DEER MANAGEMENT SYSTEMS LLC. declare the following models.

Product Name:VP6800

Model Number: VP6800

Hardware Version: Rev.A

VP6800 new version shares the same software and hardware design with original version. They support the same bands. The new version just changed the model and standard, no any other changes .

The iterative software versions will not affect the RF performance.

The difference is as below:

This new VP6800 uses new software versions.

Above changes won't impact the protocol and RF performance for original frequency bands.

Your assistance on this matter is highly appreciated.

Above changes won't impact the protocol and RF performance for original frequency bands.

Your assistance on this matter is highly appreciated.

Sincerely,

Name: Kenneth Chung
