

We Promise

Once Caavo is set up you will fall in love with your favorite shows and movies all over again
and discover new content to laugh, cry, scream and obsess over.

We strive to make set-up for Caavo as simple as it can be but no two homes are exactly the same.

— THAT'S WHY WE ASK YOU TO VISIT —

caavo.com/go

— AND FOLLOW THE STEP-BY-STEP GUIDE THAT BEST FITS YOUR HOME —

Thank you for believing in our startup and in the power of unified entertainment.

CAAVO

United in Entertainment

HDRX4 - Entertainment Hub

Simply watch TV

Caavo unifies all your devices, apps and content into a single experience. With a central hub, simple voice remote, and clean interface, Caavo makes it easy for everyone in your home to find and watch all their favorite content.

How Caavo Works

Plug everything — cable or satellite, streaming boxes or sticks, gaming consoles, DVD and Blu-ray players — into Caavo's eight HDMI inputs and connect to your AVR and TV. From there, Caavo does the rest. It automatically knows which device to use, searches all your apps, finds what you want, and plays it.

Supporting Cast

THIS BOX INCLUDES:

CONTROL CENTER

REMOTE

FCC Compliance Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by Caavo could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Re-orient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult support@caavo.com or an experienced radio/TV technician for help

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated within a minimum distance of 20 cm. between the radiator and your body. The transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
