

Smart Sensor Specifications

Model No. ES55-02
FCC ID: W999999ES55
IC: 2686-ES55-02
Smart Sensor ES55-02 Rating:
Operating Temperature: 0°C to 40°C
Operating Humidity: 20% to 80% RH

FCC Compliance Statement/Compliance Notice:
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of FCC Rules. Operation is subject to the following two conditions:

1. The device may not cause harmful interference.
2. The device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications that are not expressly approved by the manufacturer could void the user's authority to operate the equipment.

RF Exposure Information:
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. In order to avoid the possibility of exceeding the FCC radio frequency exposure limits, human proximity to the antenna shall not be less than 20cm during normal operation.

Innovation, Science and Economic Development Canada (ISED) (Compliance Notice):
This device complies (conforme) aux exigences techniques de la Commission canadienne des télécommunications (CRTC) en matière de protection contre les interférences radio. L'utilisateur doit accepter toute interférence radio qu'il pourrait subir. Les modifications ou les modifications non approuvées par le fabricant pourraient annuler l'autorité de l'utilisateur à utiliser l'équipement.

Radio-equipement ES55-02. Operation is subject to the following two conditions:

1. The device may not cause interference.
2. The device must accept any interference, including interference that may cause undesired operation of the device.

Innovation, Science et Développement économique Canada (ISED) (Avis de conformité):
L'équipement/es55-02 est soumis aux exigences techniques de la Commission canadienne des télécommunications (CRTC) en matière de protection contre les interférences radio. L'utilisateur doit accepter toute interférence radio qu'il pourrait subir. Les modifications ou les modifications non approuvées par le fabricant pourraient compromettre le fonctionnement.

RF Exposure Statement:
This equipment complies with IC/ES55-02 radiation exposure limits set forth for an uncontrolled environment. This statement must be included to provide a notification distance of at least 20 cm from all persons and must not be obscured or operating in conjunction with any other antenna or equipment.

Warning: Choking hazard
Not for children under 3 years

ecobee

How to install your SmartSensor

1 Activate your SmartSensor.

Use the **ecobee app** to add the **SmartSensor**. Scan the QR code then pull the tab. Continue the setup on the **ecobee app**.

2a Place it with a stand.

Use the stand to place your sensor on a table or shelf. If you've picked a spot that's higher than 5 feet, use the wall-mount.

2b Stick it with the wall-mount.

Or stick your Sensor to the wall if you've got curious children or pets. Clean the desired area with a wet cloth. Once dry, position and press the adhesive for 10 seconds.

3 Explore the features you've unlocked on your ecobee.

- SMART HOME/AWAY**
Sensors adjust temperature for comfort if you're home, and savings if you're not.
- FOLLOW ME**
Sensors keep track of what room you're in to focus comfort where it matters most.
- THERMAL PROTECT**
Get abnormal temperature alerts.
