- Safety Regulation: CE, FCC, CB

**Overview:**
Thank you for purchasing this headset. Please double-check the contents of the packaging to verify that you have received all items. Be sure to completely read the user guide before using the headset. This headset can be connected/paired with any device that is Bluetooth wireless technology enabled.

**Getting Started:**
- Please fully charge headset after removing it from the package before beginning the pairing process.
- **Pairing the Headset:**
  1. Press and hold the multi-function button for about 8 seconds, until the indicator light alternates between blue and red, indicating that it is in pairing mode.
  2. Activate the Bluetooth search feature on your phone, refer to your phone’s manual for further instructions.
  3. Select ‘BT PRO’ from the searched device list.
  4. Enter pin code ‘0000’ to confirm and finish pairing. The headset will flash just twice to indicate completed pairing.

**Troubleshooting:**
- *Ensure that the headset has enough power, is turned on, and has successfully been fully paired with the mobile device.*
- *Ensure that the Bluetooth function on the phone is enabled.*
- *Be sure that the range between the headset and mobile device is less than 32 feet (10 meters), or there is no disturbances or electrical devices between the headset and mobile device.*
- *Headset indicator light is flashing red: Low battery*
- *During charging indicator light does not illuminate: Leave on charger for 20 more minutes and re-check.*
- *No sound coming from headset 1: Make sure headset is fully paired.*
- *No sound coming from headset 2: Make sure headset is fully paired.*
- *Make sure distance between headset and device is less than 32 feet.*

**Headset Storage:**
- *Only use original included accessories with this device.*
- *Do not disassemble headset, it will void the warranty.*
- *Store headset away from dust, heat, and water.*
- *Use clean, soft, static-free cloth to clean headset surfaces.*
- *Do not allow children to play or use headset.*
- *Do not store headset or chargers in extreme environments.*

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. **(1)** this device may not cause harmful interference, and
2. **(2)** this device must accept any interference received, including interference that may cause undesired operation.

**Statement:**
(1) Changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.
(2) This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Relocate or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
