Charging Instructions

Connect the USB-C of the supplied USB charging cable into the USB-C port on the unit. Connect the standard USB plug into a power source, such as a USB wall charger, PC, or Mac.

Bluetooth Connection

Power On: Press and hold the Power ON/OFF button for 3 seconds to turn the unit on. The indicator light will begin to flash.

Pairing: Search for "iHome Nano Speaker" on your mobile phone or Bluetooth device. Select it to pair.

Confirmation: The speaker will play an indication tone once successfully connected.

Power Saving: To conserve battery, the speaker will automatically shut down after 15 minutes if no Bluetooth connection is detected.

Installation Instructions

Clip: Use the built-in clip to attach the speaker securely to your clothing (e.g., shirt collar, pocket, or lapel).

Safety Precautions

•

The equipment complies with the standard GB 4943.1-2022.

•

This product is not a toy; keep it out of the reach of children to prevent accidents.

•

Do not place the machine in high-temperature environments, including direct sunlight, fire sources, or heaters. Do not use in humid or rainy environments.

•

In addition to the provided charging cable, please do not use other methods to charge the machine.

•

Do not disassemble the machine; prohibit any attempt to repair or modify the machine.

•

Avoid dropping, impacting, scratching, or behaviors that affect the function of the machine.

•

If the battery is improperly replaced, there is a risk of burning or explosion; replace only with the same type or equivalent type of battery.

•

Using the audio at high volume for a long time may cause damage to your hearing.

•

If there is any damage, water ingress, high-temperature deformation, abnormal sound/heat, or peculiar smells, stop using the machine immediately and contact the merchant

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-Reorient or relocate the receiving antenna.

-Increase the separation between the equipment and receiver.

-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-Consult the dealer or an experienced radio/TV technician for help.

* RF warning for Portable device:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

According to §15.247(e)(i) and §1.1307(b)(1), systems operating under the provisions of this section shall be operated in a manner that ensures that the public is not exposed to radio frequency energy level in excess of the Commission's guidelines.

According to KDB 447498 (2)(a)(i)

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation,

Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

(1) This device may not cause interference.

(2) This device must accept any interference, including interference that may cause undesired operation of the device..

Package Contents:

(1) Speaker, (1) Charging Cable, (1) User Manual

*USB Charger not included.
