HOBO® MX2502 Underwater PAR Logger Photos, External

Product Name	HOBO® MX Underwater PAR Data Logger
Model Number(s)	MX2502
Document Owner	Jim Corrigan
Date of Document	12/2/2025

The following pages provide external photos of the MX2502 product. The photos show the product from all angles, and a ruler has been included for dimensional purposes.

The MX2502 is the only model. This is not a family.

The MX2502 doesn't have an external antenna or an external antenna connector. The BLE antenna is located on the internal PCB.

Front View

Middle View showing FCC ID

Lower view showing the remaining lettering on the case.

Front view showing the lanyard removed. Inside view of lanyard.

Front view showing the lanyard removed. Outside view of lanyard.

Left side view of clear plastic end cap which allows the user to see the status LED.

Right side view with red plastic protective cover over the PAR sensor.

Right side view with red plastic protective cover removed, thus exposing the PAR sensor diffuser.
