Littleton, MA 01460

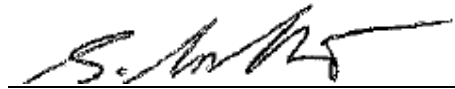

Re: Module Approval Letter, per 47CFR 15.212; FCC ID: X280073

To Whom It May Concern:

Pls. be advised that Imagination Technologies Ltd. Radio Module conforms to the modular definition as stated in 47CFR15.212, as such;

- a. The modular transmitter with its own shielding.
- b. This module has data buffer.
- c. This module has internal power regulation inside the chipset.
- d. The modular transmitter has an integral chip antenna, it's fulfil the requirements of 15.203.
- e. The modular transmitter is tested in a stand-alone configuration powered by USB Port or external AC/DC adapter
- f. The modular transmitter will silkscreen on the PCB board with FCC ID: X280073.
- g. The modular transmitter complies with Section 15.249 & 15.247.
- h. The modular transmitter complies with any applicable RF exposure requirements.

Sincerely

|                                  |                                                                         |
