

Surface treatment(Back face printing)

Back surface : White

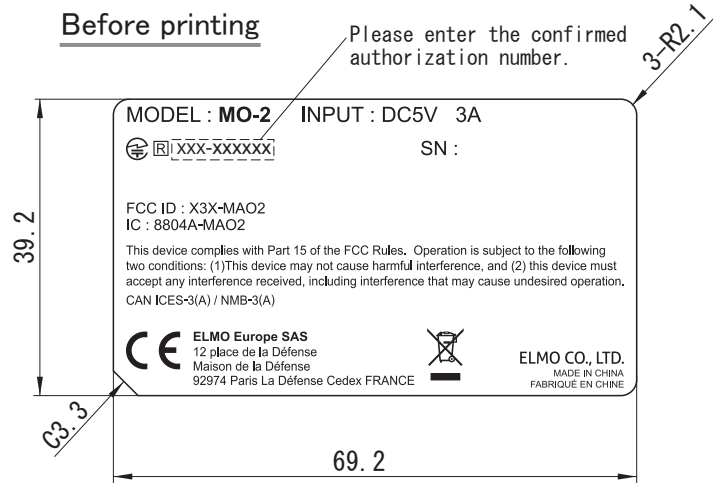

Charactor : Black

NOTE1. Apply pressure sensitive adhesives to the back side.

2. Material: PET50  $\mu$ m + PET25  $\mu$ m(mat lamination)

Before printing

t75  $\mu$ m

Printed sample

Serial number printed contents

- 7 digit serial number that starts from 5100001. (Serial number of packing goods.)
- The serial number displays barcodes (code39) and characters.
- Print within the dashed line.
- Print color: black
