

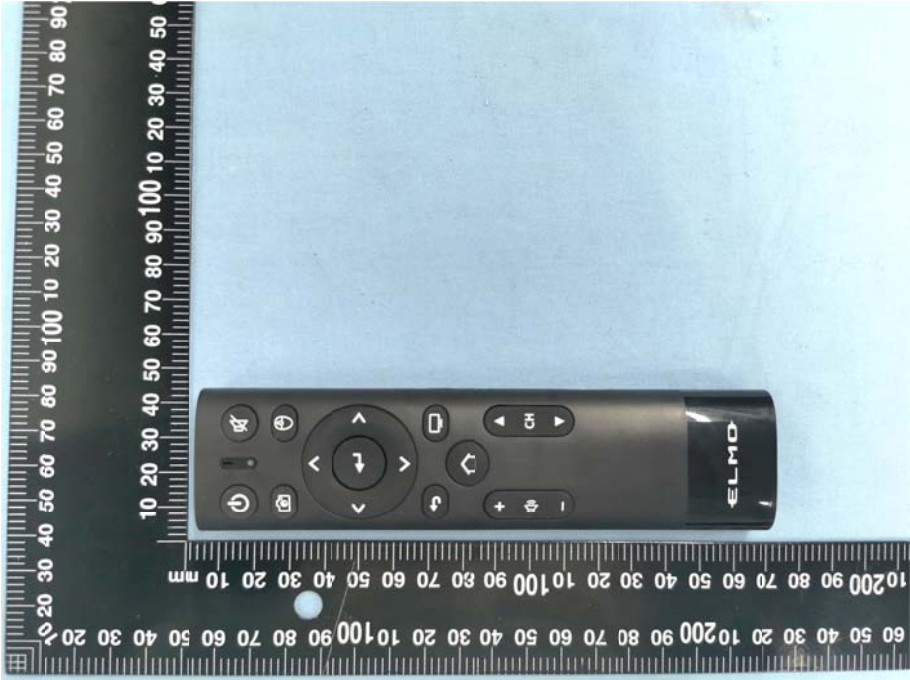

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A photograph of a black, rectangular remote control lying horizontally on a light blue surface. A black L-shaped ruler is placed next to it for scale. The vertical ruler on the left shows markings from 0 to 90 mm. The horizontal ruler at the bottom shows markings from 0 to 100 mm. The remote control has a central circular navigation pad with four arrows, a power button on the left, and several other function buttons on the right. The brand name 'ELMO' is visible on the right side of the device.
EUT View 2	 A photograph of a black, cylindrical object lying horizontally on a light blue surface. A black L-shaped ruler is placed next to it for scale. The vertical ruler on the left shows markings from 0 to 90 mm. The horizontal ruler at the bottom shows markings from 0 to 100 mm. The object is a simple, solid cylinder with a slight indentation in the center.

EUT View 3	 A top-down view of a black, elongated remote control. The remote features a central circular navigation pad with four arrow keys and a central button. To the left of the pad are two buttons, and to the right are three buttons. The brand name 'ELMD' is visible on the right side. A black ruler with white markings is placed horizontally below the remote, showing measurements in centimeters and millimeters.
EUT View 4	 A bottom-up view of the same black remote control. The 'ELMD' logo is clearly visible on the bottom surface. The central circular navigation pad and other buttons are also visible from this angle. A black ruler with white markings is placed horizontally below the remote, similar to the first view.

EUT View 5	 A top-down view of a black, slim remote control. The remote features a central circular navigation pad with four arrow keys and a central button. To the left of the pad are two buttons labeled 'HD' and a small square button. To the right are two buttons, one with a power symbol and another with a signal strength icon. The brand name 'ELMO' is visible on the left side. A black ruler with white markings is placed below the remote, showing measurements in centimeters and millimeters.
EUT View 6	 A bottom-up view of the same black remote control. The view shows the underside of the device, which has a series of small, rectangular ventilation holes. The same black ruler with white markings is placed below the remote for scale.
