Re: Request for confidentiality

Applicant: Masimo
FCC ID: X44-PRONTO7A

To whom it may concern,

Request is hereby submitted by Masimo to withhold permanently from public review certain portions of the application for equipment certification for the referenced FDC identifiers. In particular, the following sections of the application are to be kept permanently confidential:

- Schematics
- Detailed Block diagrams
- Detailed Operational/Functional Description

Rationale for request for confidentiality:

Masimo has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us.

The fee for confidentiality has been submitted along with the fee for certification. If you have questions or need further information, please contact the undersigned.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Sean Merritt', is written over a horizontal line.
