

FCC Class II Permissive Change Application Letter

Eurofins Electrical and Electronic Testing NA, Inc.
914 West Patapsco Avenue
Baltimore, MD 21230

Applicant's complete, legal business name:

Infinet Malta Limited

Applicant's mailing address:

Level 1 Britannia House, 9 Old Bakery str.
VLT1450, Valletta, Malta

Equipment Product Code: NII

FCCID Number and Date of Original Grant: X8Q-Q5-23 12/20/2019

Person at the Applicant's address to receive Grant (name, title, e-mail):

(Include mailing address if other than above):

Dmitry Okorokov, COO, compliance@infinetwireless.com

Change Contents:

The originally approved equipment Quanta 5, model Q5-23/04500, is fitted with an integral antenna. Instead of the integral antenna, new product variant Quanta 5, model Q5-E/04701 has connectors for an external antenna. This results in a change in the enclosure that can be observed on the photos filed along with this application. Since no changes to the basic frequency determining and stabilizing circuitry (including clock or data rates), frequency multiplication stages, basic modulator circuit or maximum power were made, we consider that this equipment, backed with proper technical evidence, is eligible for Class II Permissive Change

Sincerely,

Dmitry Okorokov
COO
