RE: Confidentiality Request For Q5-18/05101, FCC ID: X8Q-Q5-23

To Whom It May Concern:

This letter serves as an official request for confidentiality under sections 0.457 and 0.459 of CFR 47. We have requested that the following list of items required to be submitted with this application be permanently withheld from public review:

Schematics,
Block diagram,
Parts list,
Theory of operation.

These documents contain detailed system and equipment descriptions and related information about the product and disclose employed technical solutions, which Infinet Malta Limited considers to be proprietary, confidential, and a custom design and otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, Infinet Malta Limited feels that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give our competitors an unfair advantage in the market.

Please contact me if there is any information you may need.

Sincerely,

Dmitry Okorokov
COO
Infinet Malta Limited
