Model:FCW

FCC ID:XAOFCW

Transmitter remote

The FCW controller allows you to control the fogger. This consists of the transmitter and the receiver. You may control up to 4 fog machines independently or many more if you run them simultaneously. See the instructions below to set up your fogger to operate with the FCW.

- Instructions**
1. Plug the wireless receiver into the 5-pin port labeled Wireless Controller on the fog machine.
 2. There are 4 buttons on the wireless remote transmitter which act as triggers. Each button can be assigned to a different fog machine. You may only choose 1 dipswitch on each receiver. See the configuration below for setting the receivers to operate with the transmitter remote.

Mode

CH1

CH2

CH3

CH4

Dipswitches

1 = On; 2-4 = Off

2 = On; 1, 3, 4 = Off

3 = On; 1, 2, 4 = Off

4 = On; 1, 2, 3 = Off

3. Press the fog button, and the fog machine will output fog for as long as you hold down the button.

Note: The duration of continuous fog output is based on the capability of the fog machine.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
