

Modular Approval Request Letter

FCC ID: XCO-PLAYFI0754

Data: July.27, 2016

Gentlemen:

There's an Play-Fi Wireless Module that would like to have your authorization as a modular approval. The specific product as below, Play-Fi Wireless Module, with its designed features and specified description, meets special requirements for Part 15.212:

Company	Hansong (Nanjing) Technology Ltd.
Model Name	Play-Fi Wireless Module
Model Number	Caprica 2L
FCC ID	XCO-PLAYFI0754

Requirement of Part 15.212	Reference to Caprica 2L
1. The modular transmitter must have its own RF shielding.	The module transmitter has its own RF shielding. Please see external photo, the shielding paste the label.
2. The modular transmitter must have buffered modulation/data inputs.	The modular has buffered data inputs, it is integrated in chip 88AP166. Please view the Schematic.
3. The modular transmitter must have its own power supply regulation.	All power lines derived from the host device are regulated before energizing other circuits internal to the Schematic.
4. The modular transmitter must comply with the antenna requirements of Section 15.203 and 15.204(c).	The Caprica 2L meets the FCC antenna requirements. It used no-standard electrical connector. Please see external photo.
5. The modular transmitter must be tested in a stand-alone configuration, i.e., the module must not be inside another device during testing.	The Caprica 2L was tested in a stand-alone configuration. Please see conducted set-up photo and spurious set-up photo.
6. The modular transmitter must be labeled with its own FCC ID number, and, if the FCC ID is not visible when the module is installed inside another device, then the outside of the device into which the module is installed must also display a label referring to the enclosed module.	The label position of Caprica 2L is clearly indicated. Please see the label.
7. The modular transmitter must comply with any specific rule or operating requirements applicable to the transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements. A copy of these instructions must be included in the application for equipment authorization.	The Caprica 2L is compliant with all applicable FCC rules. Detail instructions are given in the User_Manual.
8. The modular transmitter must comply with any applicable RF exposure requirements. For example, FCC Rules in Sections 2.1091, 2.1093 and specific Sections of Part 15, including 15.319(i), 15.407(f), 15.253(f) and 15.255(g), require that Unlicensed PCS, UNII and millimeter wave devices perform routine environmental evaluation for RF Exposure to demonstrate compliance. In addition, spread spectrum transmitters operating under Section 15.247 are required to address RF Exposure compliance in accordance with Section 15.247(b)(4).	The Caprica 2L comply with applicable RF exposure requirements. Please see RF safety evaluation.

Thank you.

Sincerely,

HANSONG
