Declaration that the antenna connector on PCR_TWN4 is not used

With this communication we declare that the connector for an external antenna on the PCR TWN4 is not used in our application (antenna exclusively on PCB). The ELATEC module is standard, therefore it is used by other ELATEC customers, there is only one assembly of the board.

This declaration includes other components mounted on board but not used in our application.

Sincerely,

Schindler Elevator Ltd. - TMG
Alessio Buetti
