Regulatory Compliance Statements for the STEALTH 600 GEN 3
(Wireless Gaming Headset – Headset Model: HWBB0001 & Dongle Model: HWAAD001 & HWAAD010)

Federal Communications Commission (FCC) Compliance Notices
Class B Interference Statement:
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15, Subpart B of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution:
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. This product is compliant with the Consumer Product Safety Improvement Act of 2008, Public Law 110-314 (CPSIA)

CANADA-statement
This device complies with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference; and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada (exempt(s) de licence(s)) applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- (1) l'appareil ne doit pas produire de brouillage;
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Radiation Exposure Statement:
The product complies with Canada portable RF exposure limits set forth for an uncontrolled environment and are safe for intended operation as described in this manual. The further RF exposure reduction can be achieved if the product can be kept as far as possible from the user body or set the device to lower output power if such function is available.

Le produit est conforme aux limites d'exposition pour les appareils portables RF pour les États-Unis et le Canada établies pour un environnement non contrôlé. Le produit est sûr pour un fonctionnement tel que décrit dans ce manuel. La réduction aux expositions RF peut être augmentée si l'appareil peut être conservé aussi loin que possible du corps de l'utilisateur ou que le dispositif est réglé sur la puissance de sortie la plus faible si une telle fonction est disponible.

WARRANTY SERVICE FOR PURCHASES IN AUSTRALIA
Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. For complete details please visit www.turtlebeach.com/warranty.

To make a warranty claim in Australia during the Warranty Period, Purchaser should contact the VTB repair centre: Tecworks International Pty Ltd, 13 Distribution Place, Seven Hills NSW 2147, Tel: 1300 074 512

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. This limitation must not be indicated or operating in conjunction with any other antenna or transmitter.

Radiation Exposure Statement:
The product complies with the FCC portable RF exposure limit set forth for an uncontrolled environment and are safe for intended operation as described in this manual. The further RF exposure reduction can be achieved if the product can be kept as far as possible from the user body or set the device to lower output power if such function is available.

European Union and European Free Trade Association (EFTA) Regulatory Compliance

Declaration of Conformity

Marking by this symbol:

Hereby, Voyetra Turtle Beach Inc. declares that **Stealth 600 Gen 3** Headset Model: HWBB0001 & Dongle Model: HWAAD001 & HWAAD010 is in compliance with Directive 2014/53/EU (EMC), 2014/53/EU (RED), 2014/53/EU (Safety), 2015/863 amending Annex II to 2011/65/EU (RoHS), 2012/19/EU (WEEE), 2006/19/EC (REACH), 94/92/EC (PACKAGING), 2006/66/EC (Battery), Electromagnetic Compatibility Regulations 2016/EMC, Radio Equipment Regulations 2017(Radio), Electrical Equipment Regulations 2012.

The full text of the EU/UK declaration of conformity is available at the following internet address: <http://www.turtlebeach.com/homologation>

Radio frequency: 2400MHz
Operating frequency: 2400~2483.5MHz
Max. Output power: 4 dBm

This symbol on the product or its packaging indicates that this product must not be disposed of with your other household waste. Instead, it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment. The separate collection and recycling of your waste equipment at the time of disposal will help conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. For more information about where you can drop off your waste for recycling, please contact your local authority or where you purchased your product.

Turtle Beach Europe Ltd is obligated as a producer with a main activity of selling under The Producer Responsibility Obligations (Packaging Waste) Regulations 2007. To fulfil our obligation we are registered with Compix Direct and their Recycling Room. Here you will find advice and information on packaging waste management, recycling symbols and the waste hierarchy principles of reduce, reuse and recycle. <http://www.complixdirect.com/the-recycling-room/> For instructions in other languages, please visit <http://www.turtlebeach.com/homologation>

PLEASE MAKE SURE YOUR HEADSET IS UPDATED WITH THE LATEST FIRMWARE.
VEUILLEZ VOUS ASSURER QUE VOTRE CASQUE DISPOSE DE LA DERNIÈRE VERSION DU MICROLOGICIEL

Download the Swarm™ II mobile app for Android or iOS to update your headset to the latest firmware and customize settings. Alternatively, you can use the Swarm™ II desktop software for Windows available at turtlebeach.com/swarm2

Téléchargez l'application mobile Swarm™ II pour Android ou iOS afin de mettre votre casque à jour avec la dernière version du micrologiciel et de personnaliser les paramètres. Vous pouvez également utiliser le logiciel Swarm™ II pour Windows, disponible sur turtlebeach.com/swarm2

To access the regulatory label:
Pour accéder à l'étiquette :

1. Remove the left ear pad by pulling the ear pad straight up using your thumb.
1. Retirez le coussinet gauche en le tirant vers le haut à l'aide de votre pouce.
2. Once you've released the cloth from the lip on top, pull the ear pad straight back and it should slip right off.
2. Une fois le haut du tissu délogé, tirez le coussinet vers vous pour le retirer facilement.

PACKAGE CONTENTS | CONTENU

HEADSET CONTROLS | COMMANDES DU CASQUE

BLUETOOTH SETUP | CONFIGURATION BLUETOOTH

- To enable Bluetooth pairing mode:**
1. Press and hold the Bluetooth multi-function button (MFB) until the "Pairing Bluetooth" voice prompt plays.
 2. After placing your headset in pairing mode, select the headset from within your device's Bluetooth settings menu to connect.
 3. The Bluetooth MFB is used to answer and end calls as well as media playback control when connected to a compatible mobile phone.
- When the headset is connected using the USB wireless transmitter in the default 2.4GHz Wireless mode, incoming calls can be answered by single pressing the Bluetooth MFB. The headset will automatically switch back to 2.4GHz Wireless mode when the call is ended by single pressing the Bluetooth MFB again.

QUICKSWITCH BUTTON | BOUTON QUICKSWITCH

The QuickSwitch button allows you to quickly switch between low-latency 2.4GHz Wireless and Bluetooth modes based on your preference. Use Bluetooth mode to make calls, listen to music or connect to other compatible Bluetooth devices. We recommend using the 2.4GHz Wireless mode for best performance when gaming on consoles or PC.

Note: Select advanced audio features available in 2.4GHz Wireless mode may not be supported in Bluetooth mode.

Remarque : Certaines fonctions audio avancées disponibles en mode sans-fil 2,4 GHz peuvent ne pas être prises en charge en mode Bluetooth.
