Regulatory Compliance Statements for the EAR FORCE i70 RX & TX Models

Federal Communications Commission (FCC) Compliance Notices
Class B Interference Statement:
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Consult the dealer or an experienced radio/TV technician for help.
FCC Caution: This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference, including interference that may cause undesired operation.
RF Radiation Exposure & Hazard Statement: To ensure compliance with FCC RF exposure requirements, this device must be installed in a location such that the antenna of the device will be greater than 2 cm (0.8 in.) away from all persons. Using higher gain antennas and types of antennas not covered under the FCC certification of this product is not allowed. Installers of the radio and end users of the product must adhere to the installation instructions provided in this manual. This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.
Exposition aux radiations RF - Mention de danger: Pour assurer la conformité avec les exigences RSS-102 d'exposition aux RF (Radio Fréquences), cet appareil doit être installé dans un endroit où l'antenne de l'appareil sera située à une distance de plus de 2 cm (0,8 in.) de toutes personnes. L'utilisation d'antennes à gain plus élevée ou de types d'antennes qui ne sont pas couverts par la certification IC de ce produit n'est pas autorisée. Les installateurs de la radio et les utilisateurs du produit doivent se conformer aux instructions d'installation fournies dans ce manuel. Cet émetteur ne doit pas être co-implanté ou exploité en conjonction avec toute autre antenne ou transmetteur.
Declaration of compliance: Ce produit est certifié pour le placement à l'intérieur tout en respectant les limites de cette bande de fréquences: 5150 - 5250 MHz. Ne pas installer ou utiliser ce produit à l'extérieur au Canada, si cette bande de fréquences ne peut pas être rencontrée.
European Union and European Fair Trade Association Regulatory Compliance
This equipment may be operated in the countries that comprise the member countries of the European Union and the European Fair Trade Association.
Declaration of Conformity
Marking by this symbol:
Indicates compliance with the Essential Requirements of the R&TTE Directive of the European Union (1999/5/EC). This equipment meets the following conformance standards:
Safety EN 60950-1:2006 + A11:2009 + A1:2010 + A12:2011 IT Mark License IEC 60950-1:2005 (2nd Edition) - Ann 1:2009 IEC Scheme Report/Certificate: EN 50332-1:2005, EN50332-2:2005
EMC EN 55022:2010, EN 301 489-1 v1.2 (2011-09), EN 301 489-17 v2.1 (2012-09), EN 61000-4-3:2008-05, EN 61000-4-4:2011-03, EN 61000-4-5:2005, EN 61000-4-6 (2008-10)
Radio EN 300 328:1.7.1 (2008-10), EN 300 893:1.6.1 (2011-11)
SAR EN 62211:2008
Environmental: Low Voltage Directive 2006/95/EC, RoHS 2011/65/EU, WEEE 2002/96/EC, REACH 2006/1819/EC, Packaging 94/62/EC, Battery 2006/46/EC.
This symbol on the product or its packaging indicates that this product must not be disposed of with your other household waste. Instead, it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment. The separate collection and recycling of your waste equipment at the time of disposal will help conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. For more information about where you can drop off your waste for recycling, please contact your local authority, or where you purchased your product.
