Disposal information

The crossed-out wheeled-bin symbol means that you must not dispose of this product together with unsorted household waste. As electrical devices can contain harmful substances which may cause environmental damage or harm to your health if not disposed of correctly, please dispose of these products separately. As the end user, you are required by law to dispose of used electrical equipment at an official recycling point. For information about local recycling points, contact your local authority, civic amenity site or the business where you purchased this product. By disposing of electrical products at an official recycling point, you are doing your bit to ensure equipment is recycled correctly and professionally, and our environment is protected.

When purchasing a new product, the retailer will let you hand in old products and dispose of them free of charge provided the product you are handing in is of a similar type and has the same functions as the product you are purchasing. You can hand in small used electrical and electronic equipment (measuring no longer than 25 cm on any one side) for free and with no obligation to purchase a similar product at electrical and electronic retail outlets with sales areas larger than 400m² or at nearby recycling points designated by the retail outlet.

Wherever possible, remove any batteries before disposing of the device.

Under law, as a user you face the risk of penalties if you dispose of devices and batteries illegally.

FEDERAL COMMUNICATION COMMISSION INTERFERENCE STATEMENT:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: -Reorient or relocate the receiving antenna. -Increase the separation between the equipment and receiver. -Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. -Consult the dealer or an experienced radio/TV technician for help.

GENERAL SAFETY GUIDELINES AND INTENDED USE

1. Do not open or modify the product.
2. Not approved changes or modifications may void the operation authority and/or warranty.
3. In case of trouble or doubt, contact us immediately.
4. Keep the product away from fire/water/humidity/temperature extremes.
5. Only use as intended with a compliant PC and connector part.
6. Improper or incorrect use of the product or use of the product for purposes not recommended by the manufacturer void the liability and/or warranty.
7. Don't look into the light beam on bottom of the mouse.

BATTERY SAFETY GUIDELINES

1. Improperly treated rechargeable batteries may catch fire or cause chemical damages and injuries.
2. Do not disassemble or modify the battery in any way.
3. If battery is damaged or appears abnormal, stop using it.
4. Do not short-circuit the battery.
5. Do not leave the battery discharged or unused for extended time periods.
6. If battery is replaceable by design, do not apply higher forces which may damage the battery.
7. Only use original equipment and cables for charging.

RF RADIATION EXPOSURE & HAZARD STATEMENT

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter must not co-located or operating in conjunction with any other antenna or transmitter.

This device complies with Industry Canada's licence-exempt RSSs.

Operation is subject to the following two conditions:

1. This device may not cause interference, and
2. This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

[1] l'appareil ne doit pas produire de brouillage;

[2] l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

RF RADIATION EXPOSURE & HAZARD STATEMENT

The product complies with Canada portable RF exposure limits set forth for an uncontrolled environment and are safe for intended operation as described in this manual. The further RF exposure reduction can be achieved if the product can be kept as far as possible from the user body or set the device to lower output power if such function is available.

EXPOSITION AUX RADIATIONS RF & MENTION DE DANGER

Le produit est conforme aux limites d'exposition pour les appareils portables RF pour les Etats-Unis et le Canada établies pour un environnement non contrôlé. Le produit est sûr pour un fonctionnement tel que décrit dans ce manuel. La réduction aux exposition RF peut être augmentée si l'appareil peut être conservé aussi loin que possible du corps de l'utilisateur ou que le dispositif est réglé sur la puissance de sortie la plus faible si une telle fonction est disponible.
