

Request for Class II Permissive Change

FCC ID: XKB-MOBYEM5

Date: 2026-01-20

TO: Federal Communication Commission

Please be notified that we, the undersigned, INGENICO, declare that the reasons for this Class II permissive change are as below:

The current product differs from the originally certified version in the following aspects:

- Optimized the resistor and capacitor design for the contactless module.
- Improved LED circuit.
- Enhanced EMC and ESD design.
- Added test points for battery.

The original grant date is 04/11/2025

Thank you.

Sincerely.
