

## 7.2 No unauthorized modifications

### **Federal Communication Commission Interference Statement 47 CFR Section 15.21.**

- Consult the dealer or an experienced radio/TV technician for help.

#### **CAUTION**

This equipment may not be modified, altered, or changed in any way without signed written permission from Ingenico. Unauthorized modification may void the equipment authorization from the FCC and will void the Ingenico warranty.

## 7.3 Antenna requirement

**Federal Communication Commission Interference Statement 47 CFR Section 15.203.** This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

## 7.4 Environment (WEEE, Batteries and Packaging)

This product is labeled in accordance with European Directives 2002/96/EC concerning Waste Electrical and Electronic Equipment (WEEE) and 2006/66/EC concerning Batteries and Accumulators. Those provisions are requiring producers and manufacturers to become liable for take-back, treatment and recycling upon end of life of equipment and batteries.

The associated symbol means that WEEE and waste batteries must not be thrown away but collected separately and recycled.

Ingenico ensures that efficient collection and recycling schemes are set-up for WEEE and batteries according to the local regulation of your country. Please contact your resellers for more detailed information about the compliance solution in place for disposing of your old product and used batteries.

Packaging waste must also be collected separately to assure a proper disposal and recycling.

Please note that proper recycling of the electrical and electronic equipment and waste batteries will ensure safety of human health and environment.

## 7.5 Markings

Below, you will find the different symbols used on the product and its power supply.

The CE marking is the manufacturer's declaration that the product meets the requirements of the applicable EC directives. The CE mark is a mandatory conformity marking for certain products sold within the European Economic Area (EEA).

This TÜV symbol shows consumers at a glance that a product has been examined by neutral experts and that there are no safety concerns

The UL mark appears on end products and complete components suitable for factory and field installation. All of the products carrying these marks are covered by our Follow-Up Services program to determine that products continue to be manufactured in compliance with UL's safety requirements.

Indoor use symbol.

The RCM mark will be the only mark to indicate compliance with the Australian Communications and Media Authority's (ACMA) regulatory arrangements for telecommunications, radio, EMC and electromagnetic energy (EME).

The C-Tick is an identification trademark registered to the Australian Communications Media Authority (ACMA). The C-Tick mark signifies that the labelled electronic device is compliant with applicable electromagnetic compatibility (EMC) requirements

This logo indicates that the product operates with an alternative voltage. This symbol is followed by the ratings (voltage and current for instance).

This logo indicates that the product operates with a continuous voltage. This symbol is followed by the ratings (voltage and current for instance)

Mark indicating a power supply meets the level VI requirements.

Double insulated or class 2 electrical appliances are products that have been designed in a way so as not to require a safety connection to electrical earth (These products must NOT have a safety connection to Earth).

IS 13252 (Part 1)  
IEC 60950-1

R-41017175

India's Compulsory Registration Scheme (CRS) for Electronic Products.

The Electrical Appliance and Material Safety Law applies to enterprises that manufacture or import products in Japan

China Compulsory Certification (CCC) is similar to other certifications for product quality standardization-such as the European CE system

The CSA mark on your product demonstrates to your customers, that a sample of the product has been certified to applicable standards including standards written or administered by the American National Standards Institute (ANSI), Underwriters Laboratories (UL), CSA Group (CSA), NSF International (NSF), and other North American and global organizations
