FCC Class II Permissive Change Request Letter

Date: 2015-11-26

To FCC:

RE: FCC Permissive II Change Request for Company: Quectel Wireless Solutions Co., Ltd. FCC ID: XMR201202M95

We are submitting an application for a class II permissive change to the FCC approval of the Company name: Quectel Wireless Solutions Co., Ltd., product description: GSM/GPRS Module (FCC: XMR201202M35, Original Grant Date: 2012-06-11). The transmitter module itself has not changed. Here are the changes:

For licensed module, it should apply the single module. And it needs to calculate the permitted max antenna gain.

We want to add evaluation for allowed max antenna gain into application.

The correct allowed max antenna gain can be used should be 5.42dBi for GSM850, 3.50dBi for GSM1900.

Sincerely,

Johnny.Xiang/Manager
Quectel Wireless Solutions Co., Ltd.
