

Label Location Justification Letter

Subject: Label location request for FCC ID: XMR2025FGH200M

Dear Sir or Madam,

For the product with FCC ID above, the certificate label including FCC ID are not affixed on the product itself due to below reasons.

The product is just a module, it's hard to print FCC ID on surface of module due to it's too small size.

To validate the grant of equipment authorization, the FCC ID will be included in user manual and package label. It is readily viewable at all times for users.

Thank you in advance!

Best regards.
