

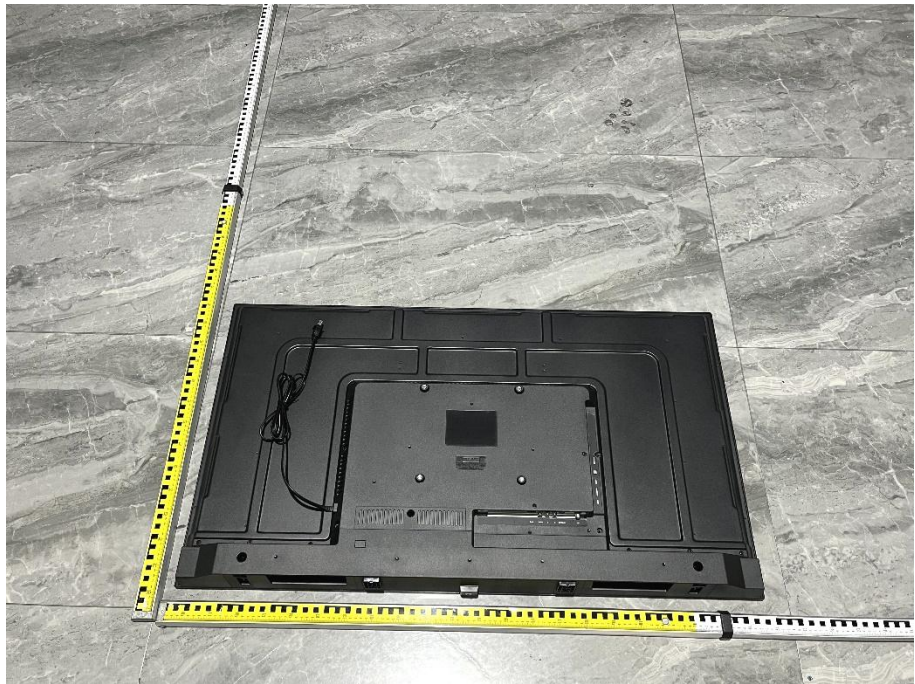

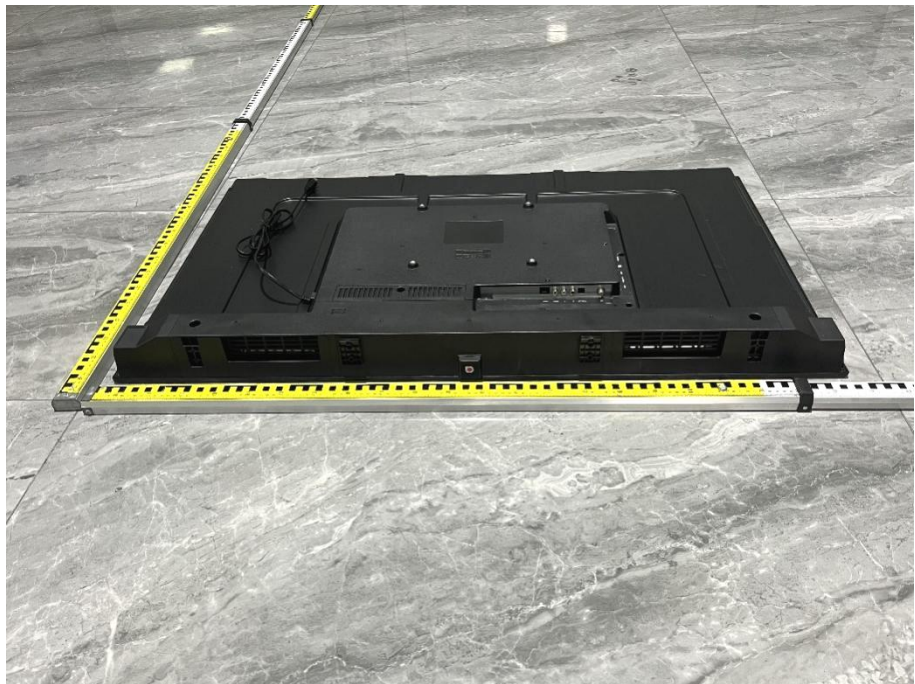

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A black rectangular device, likely a tablet or monitor, is placed on a light-colored tiled floor. A yellow and black measuring tape is positioned along the left and bottom edges of the device. To the right of the device, a small black object, possibly a remote control or a small tool, is visible. The device is oriented horizontally.
EUT View 2	 A black rectangular device, similar to the one in View 1, is placed on a light-colored tiled floor. A yellow and black measuring tape is positioned along the left and bottom edges of the device. The device is oriented horizontally. This view shows the device from a slightly different angle compared to View 1.
