Solder Board-Component View 3	 A photograph of a blue printed circuit board (PCB) assembly, labeled 'View 3'. The board is populated with various electronic components, including a large black heat sink, several electrolytic capacitors (some yellow, some red), and integrated circuits. A ruler is placed horizontally below the board for scale, showing measurements in millimeters. The board is marked with 'COLD' and 'HOT' regions.
Solder Board-Component View 4	 A photograph of the same blue PCB assembly, labeled 'View 4', showing the reverse side. The board features a large silver-colored metal shield or heat sink on the right side. A ruler is placed horizontally below the board for scale. The board is marked with 'COLD' and 'HOT' regions.

Solder Board-Component View 5	 A photograph of a blue printed circuit board (PCB) with various electronic components, including capacitors, resistors, and integrated circuits. The board is placed on a blue surface next to a black ruler with white markings in millimeters and centimeters. The ruler is oriented vertically, showing measurements from 0 to 300 mm.
Antenna View	 A photograph of the same blue PCB from a different angle, showing the underside. Three antennas are visible: a black rectangular antenna labeled "WIFI Antenna 2" at the top left, a black rectangular antenna labeled "Bluetooth Antenna" at the bottom left, and a black rectangular antenna labeled "WIFI Antenna 1" at the bottom right. The PCB is mounted on a metal chassis, and various cables and components are visible.
