

Date: 2026/6/29

FCC ID: XOX-Z700

Model Number: Z700

To:

Federal Communications Commission
Authorization and Evaluation Division
7435 Oakland Mills Road
Columbia, MD

To Whom It May Concern, We, **TableTop Media, LLC d/b/a Ziosk** , attest that this device under FCC ID: **XOX-Z700** complies with device protocol requirements and operational restrictions: for (all that apply - indoor client 6XD).

1. Device Protocol Attestation Statement:

- a. Contention-Based Protocol, as demonstrated in the test report.
- b. The device will only associate and connect with a low-power indoor access point or subordinate device and never connect directly to other client devices.
- c. This device will always initiate transmission under the control of a low-power indoor AP or subordinate except for brief transmissions before joining a network. These short messages will only occur if the client has detected an indoor AP or subordinate operating on a channel. These brief messages will have a timeout mechanism such that if it does not receive a response from an AP it will not continuously repeat the request.
- d. Transmissions will be lower or equal to the power advertised by the indoor low-power access point or subordinate and never above the maximum output power allowed by the FCC grant for equipment class 6XD.

2. Statement acknowledging device restrictions (Users are notified of these restrictions through the user manual)

- a. This device is prohibited for control of or communications with unmanned aircraft systems, including drones.

Should you have any questions or comments regarding this matter, please have my best attention.

Sincerely,
