

Product Equality Declaration

Date: February 07, 2024

NXP Product Family: AW611HN/A1A, AW611HN/A1B

We, **NXP Semiconductors**, hereby declare under our responsibility that the product families described above are related in the following way.

- The AW611HN/A1A and AW611HN/A1B devices are electrically, mechanically and physically identical in circuitry and construction. The only difference is the operating temperature range which does not affect performance.
