

## EXHIBIT C - EUT INTERNAL PHOTOGRAPHS

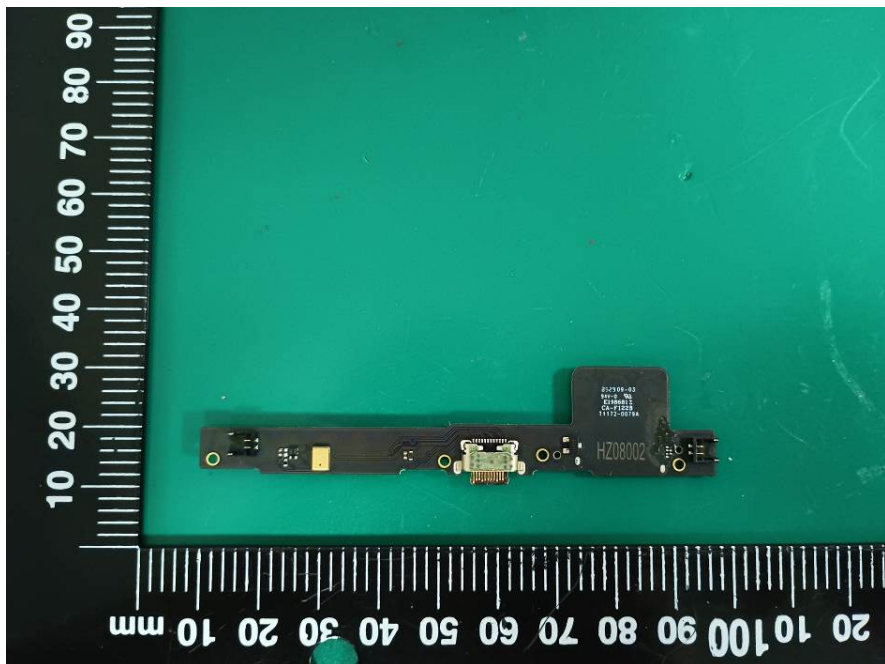

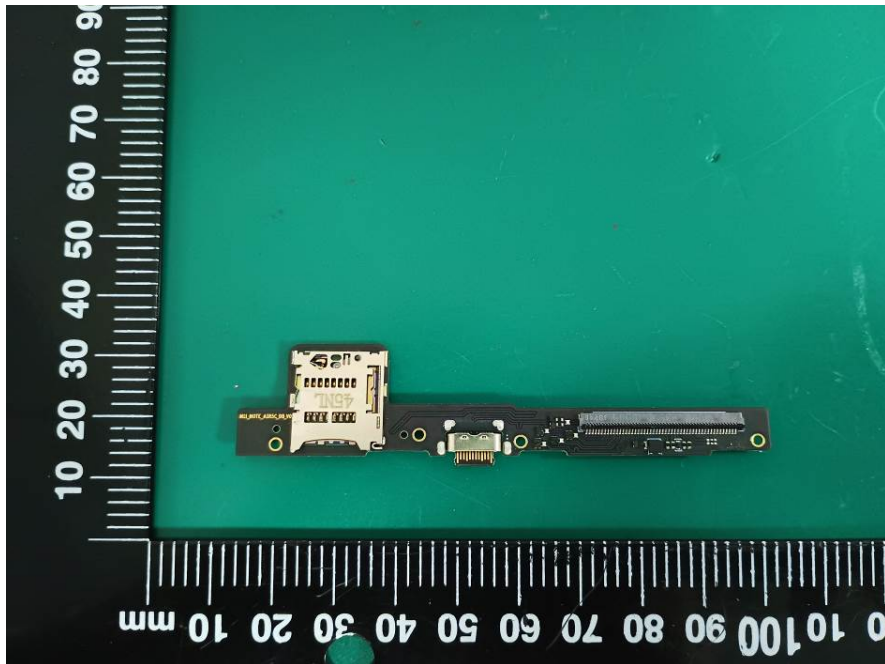

Model: Note Air5 C

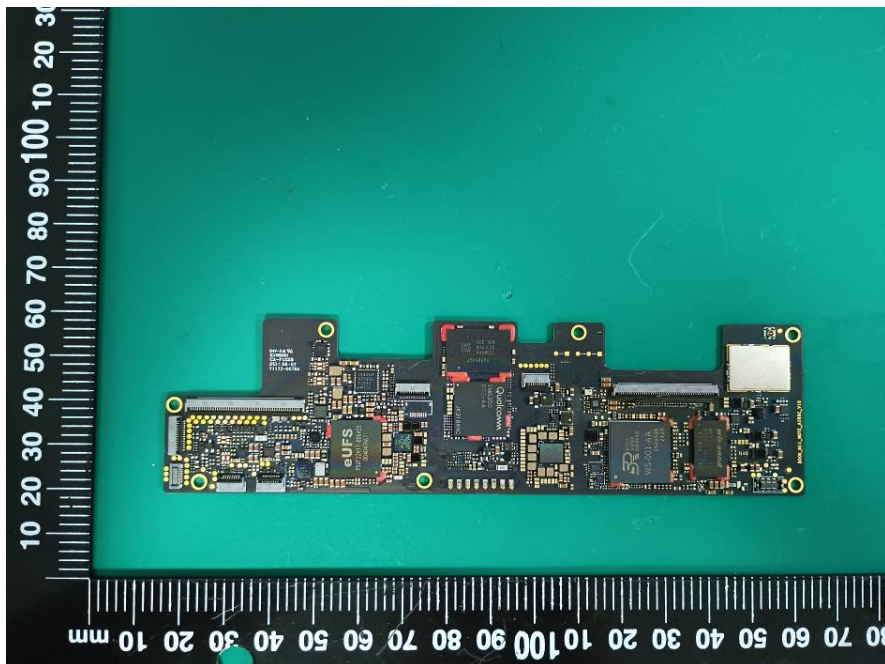

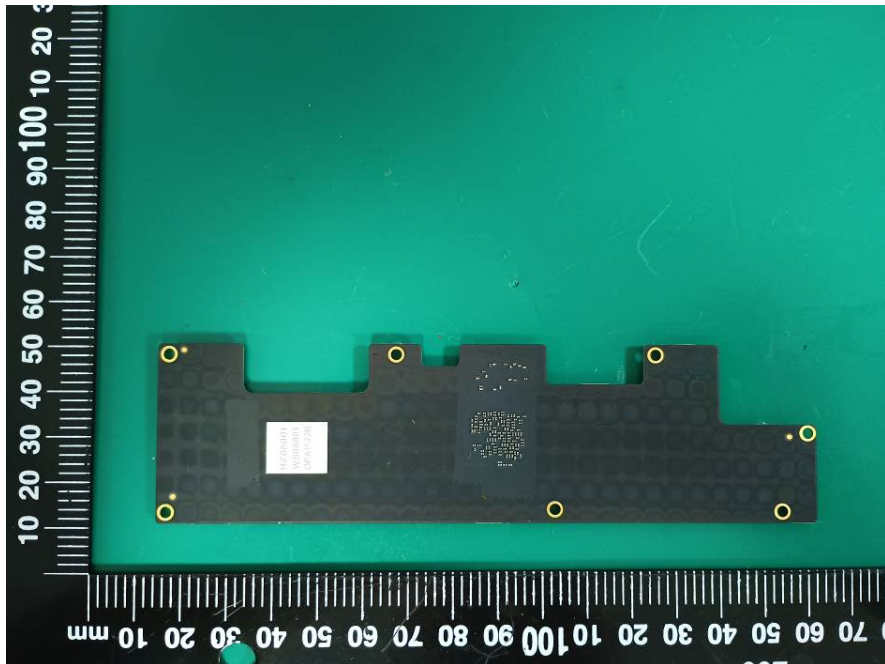

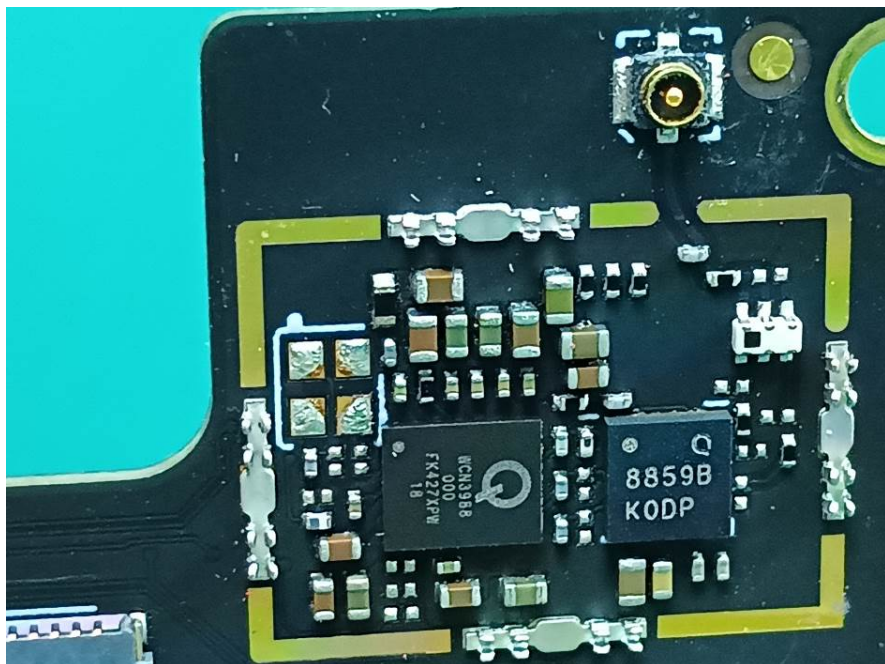

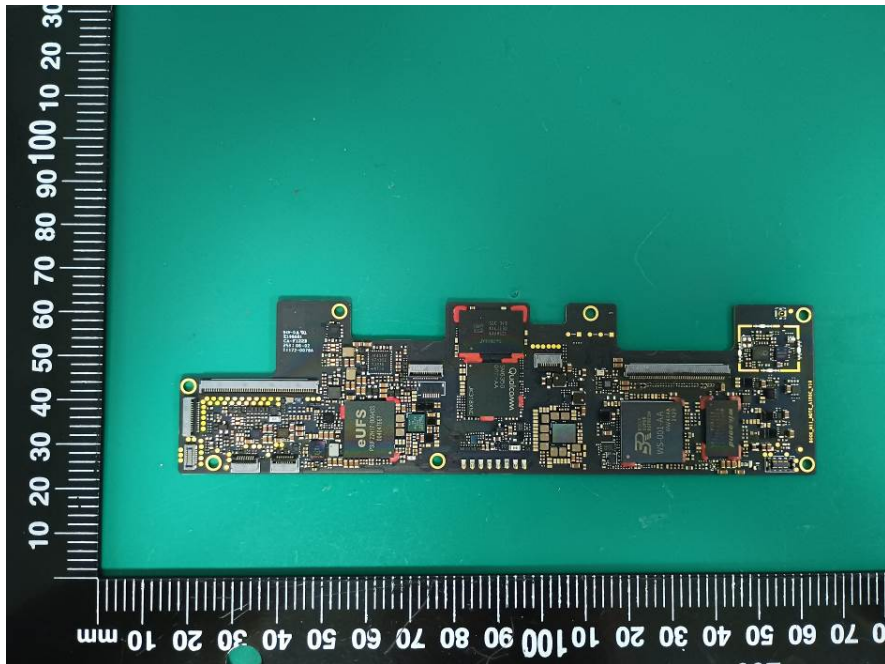

## A close-up photograph of the internal components of a laptop, specifically the battery and its connection to the motherboard. The battery is a black, rectangular unit with the text "NOTE AIR3 V2.0" printed on it. It is connected to the motherboard via a black cable and a metal connector. A red rectangular box highlights the battery and its connection point. The background is a solid teal color.

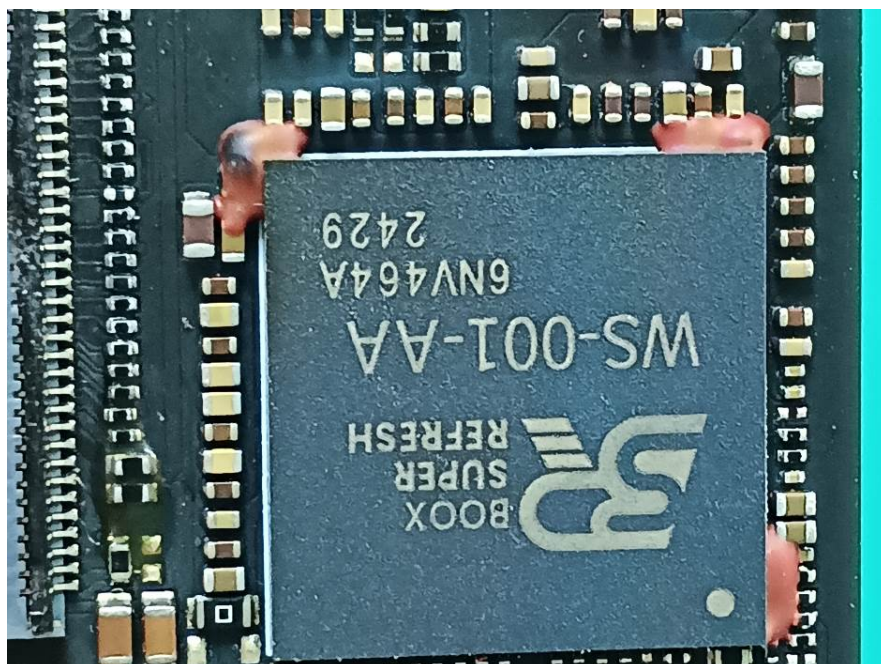

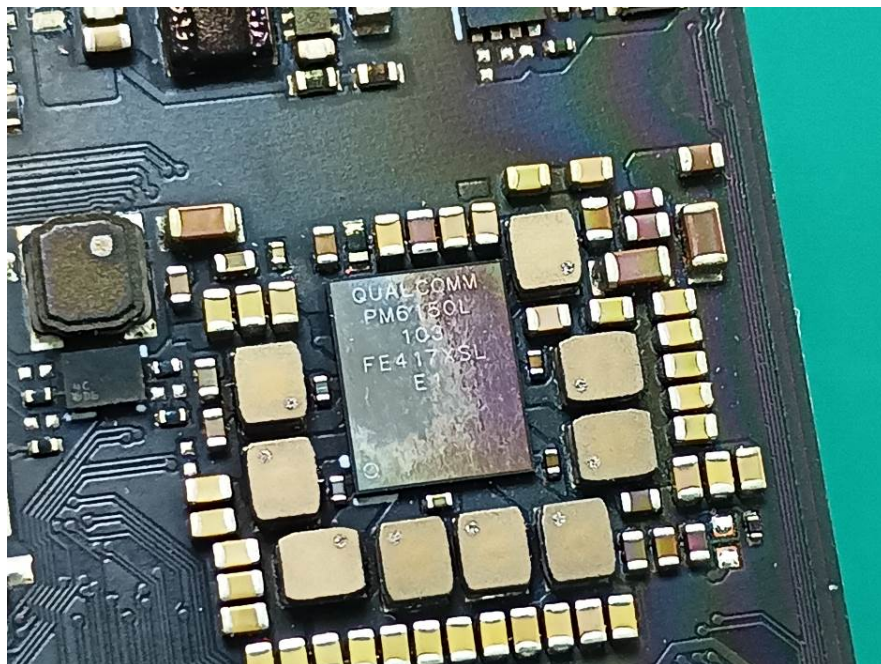

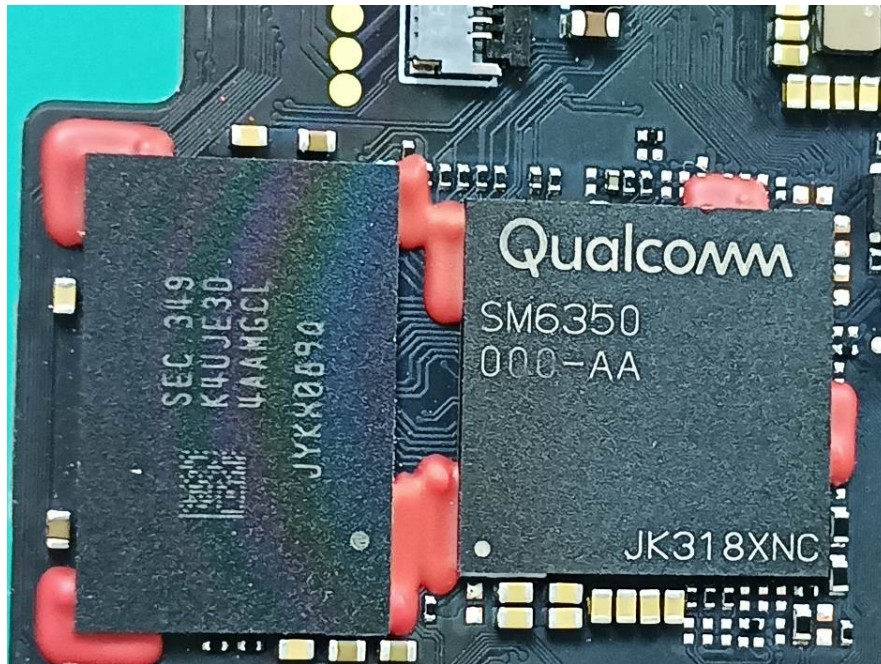

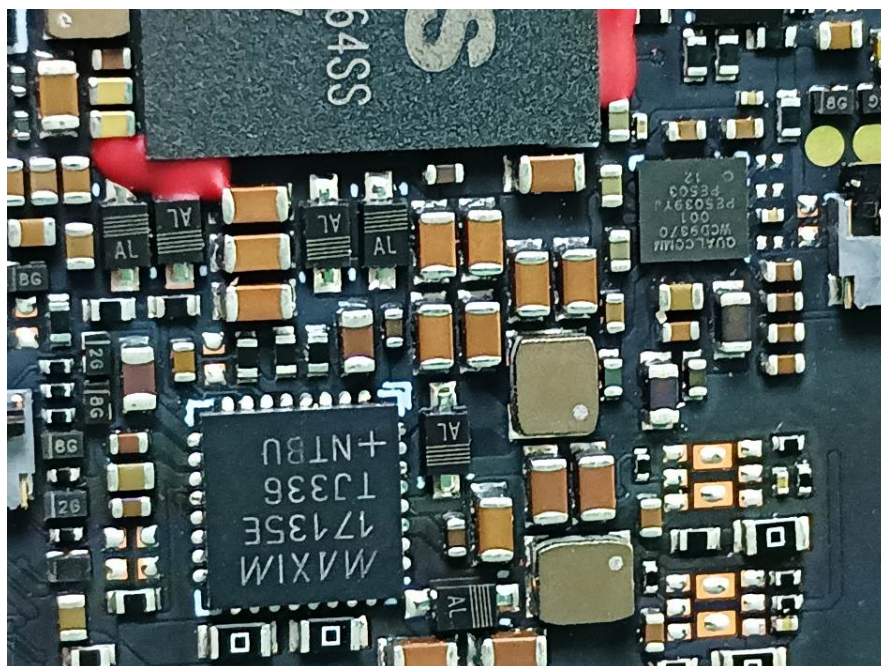

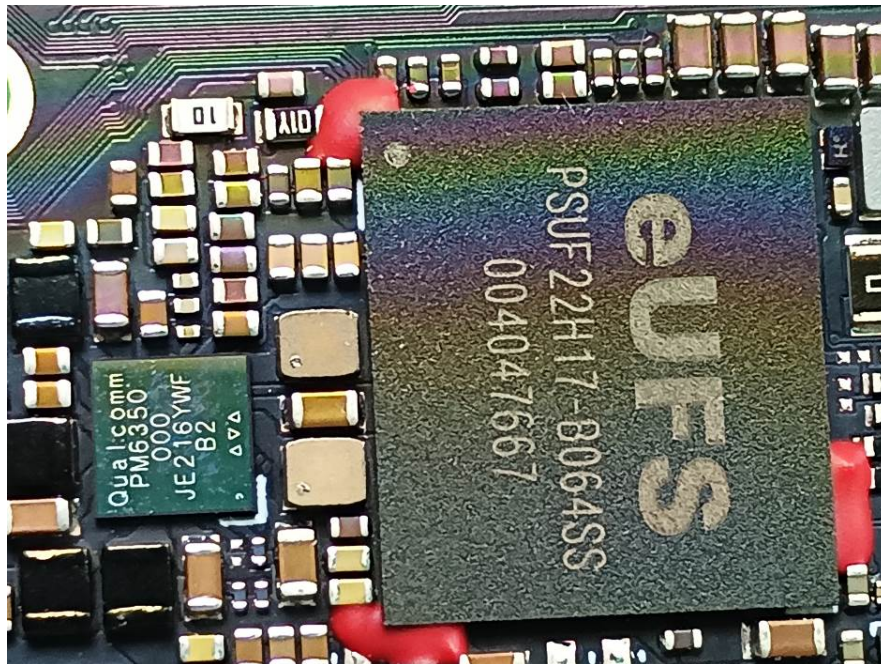

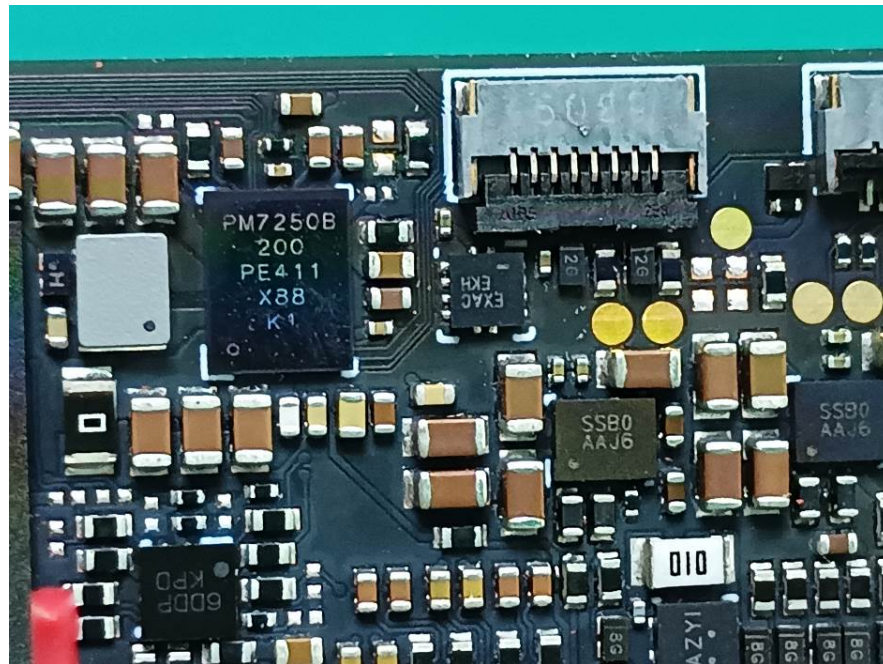

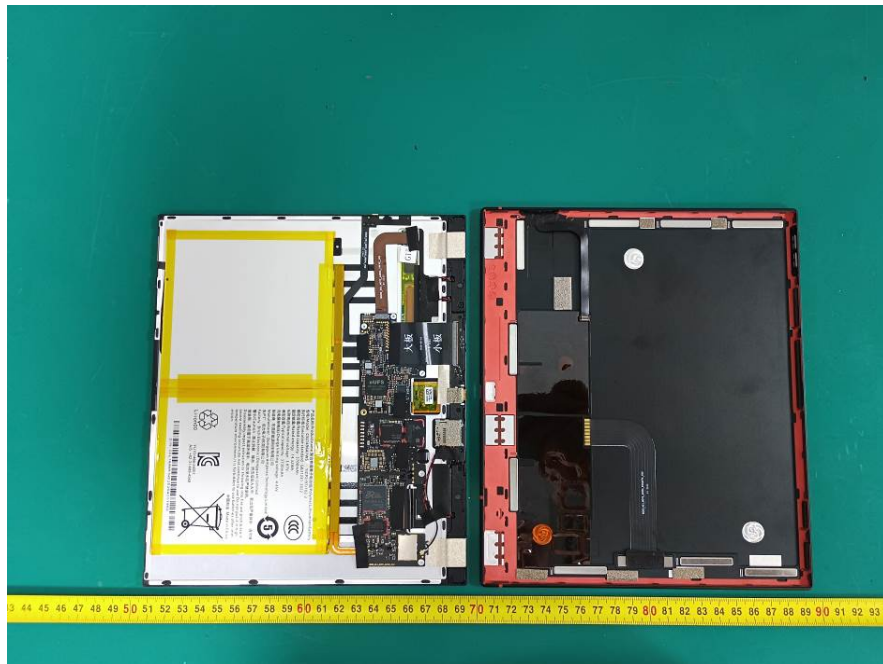

Model: BOOX Note Air5 C Plus
