Re: Change of Identification Authorization, FCC ID: T9JRN2903

To Whom It May Concern:

This letter grants authorization for representatives of OCEASOFT S.A.S. to apply to the FCC for a change in identification as specified under 47CFR2.933 of the FCC rules.

This authorization applies to Microchip Technology Inc., Model RN2903A FCC ID: T9JRN2903. The original grant date is: 03/06/2016

We are aware that OCEASOFT S.A.S. intends to market the above referenced product under their own FCC ID: XTLRN2903.

Microchip Technology Inc. will continue to sell their device under their existing FCC ID.

The Model with a change in ID is identical in design and construction with our original model. The original test results continue to be representative of and applicable to the module with a change in ID.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Steve Caldwell', is positioned above the printed name.

Signature:

Steve Caldwell
