EUT 2

A detailed view of the ARIA6 development board, showing various components like the microcontroller, memory chips, and connectors. The board is green and populated with numerous integrated circuits, capacitors, and other electronic components. Key features include a central microcontroller, several memory modules, and various connectors for power, data, and communication. The board is labeled with 'V1.1/2016.3.18/ARIA6' and a 'Pb' symbol.
