Request to Dismiss FCC Grant

Grantee Information: Amino Communications Ltd

FCC ID: XVGZ31X

Date of Grant: 05/11/2015

Description: Smart Home Hub

Test Firm: QuieTek Corporation

To whom it concerns

I can confirm that the above product was only produced for trials and the decision was taken not to take it into production, therefore we would like to request the FCC to dismiss the grant.

A total of 114 products were produced for trials, of which approximately 64 went into North America and 50 went into Europe.

No products with this FCC ID label were marketed or sold anywhere in the world.

Signed for and on behalf of Amino Communications Ltd

Glen Clarke
Quality Manager
