FCC Compliance Statement
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with its limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

Acceptance:

- Present or indicate the receiving antenna.
- Increase the separation between the equipment and the transmitting antenna.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

EFC Compliance Statement:

The device complies with ICES/equipment class (B)(radio) and does not comply with Innovation, Science and Economic Development Canada's ICES/equipment class (A), Operation A.

SAR Compliance Statement
 This equipment complies with FCC/IC RSS-100 radiation exposure limits set forth for an uncontrolled environment. This device should be installed and operated with minimum distance 15 cm (FCC) and 10cm (IC RSS-100) between the device and your body.

This equipment also conforms to limits for exposure to radio frequency electromagnetic fields (RF-EMF) established for an environment controlled. Cet équipement doit être installé et utilisé avec une distance minimale de 15 cm (FCC) et 10cm (IC RSS-100) de la personne ou de votre corps.

индустри, относящихся к риску пожара, и/или для людей, включая информацию по опасности (рисков) в отношении: "При использовании продукта всегда соблюдать следующие меры предосторожности, включая следующие: читать все инструкции перед использованием".

использования продукта рядом с детьми, необходимыми мерами контроля,

использовать пальцы или руки в защите,

использовать защитную для беременных женщин (таково доказано не было),

использовать защитную для беременных женщин, поскольку не исключается возможность,

использовать защитную для беременных женщин, при кормлении или грудном вскармливании,

соблюдать правила пожарной
