1. Guide
   ■ 1. Headphone Introduction
   ■ 2. Multi-Function Button
   ■ 3. LED Indicator
   ■ 4. Built-in microphone

2. Instruction
   ■ Multi-Function Button Operations

Power on and off

With the headphones turned off, hold the Multi-Function button for 2 seconds, the LED indicator will light up blue. To power off, hold the Multi-Function button for 2 seconds, the LED indicator will turn off.

Pairing the device

With the headphones turned off, hold down the Multi-Function button for 4 to 6 seconds, headphones will then enter pairing mode. Activate the Bluetooth® feature on the phone, and set the phone to search for wireless devices, (See the User Manual for your device on BB91).

Receive & end calls

Press and hold the Multi-Function button once to pause, and again to play. Music will automatically pause when device receives phone call.

Wearing

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This device and its accessories must not be co-located or operating in conjunction with any other antennas or transmitter.
