Modular Approval Letter

FCC

Date: 10th December 2013

Product name: FCC ID YAKBM14 is seeking FCC authorization as a modular transmitter.

The YAKBM14 meets the requirement for modular approval as detailed in FCC section 15.212.

Compliance to each of the requirements is described below:

1. The modular transmitter has its own RF shielding.
2. The modular transmitter has no modulation/data inputs. Please see schematics of the module for example.
3. The modular transmitter must have its own power supply regulator: Please see the schematics; the module has its own voltage regulation circuitry.
4. The modular transmitter complies with the antenna requirements of FCC sections 15.203 and 15.204 (c).
5. The modular transmitter has been tested in a stand-alone configuration.
6. The Modular transmitter must be labelled with its own FCC ID number: The module is labelled with its own FCC ID number (YAKBM11)
7. The modular transmitter is compliant with all applicable FCC rules.
8. The modular transmitter must comply with any applicable RF exposure requirements: The module fully complies with RF exposure requirements.

Yours faithfully,

By:
