	Quick Start Guide		Double-sided tape for the Mount Bracket
	Electrostatic Sticker		Cable Clips

Product Installation

Step 1. Insert the microSD Card

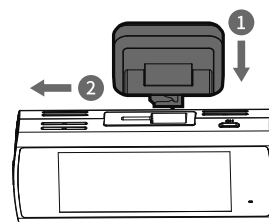

- Insert the microSD card into the slot until you hear a **click**.
- Ensure the card is fully seated before powering on the dashcam.

Step 2. Install the Front Camera

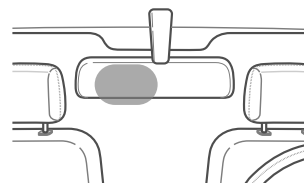

1. Attach the Mount Bracket

- Slide the Mount Bracket into the slot on the front camera and move it to the left until it clicks into place.
- Ensure the bracket is firmly locked.

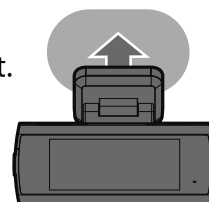

2. Apply the Electrostatic Sticker

- Clean a flat area of the front windshield (avoid edges and curves).
- Peel off the backing and place the sticker on the glass.
- Press outward from the center to remove any air bubbles.

3. Mount the Front camera

- Remove the adhesive backing from the mount bracket.
- Align the dashcam with the electrostatic sticker and press firmly
- Hold for several seconds to ensure a strong bond.

Step 3. Connect Power (Front Camera)

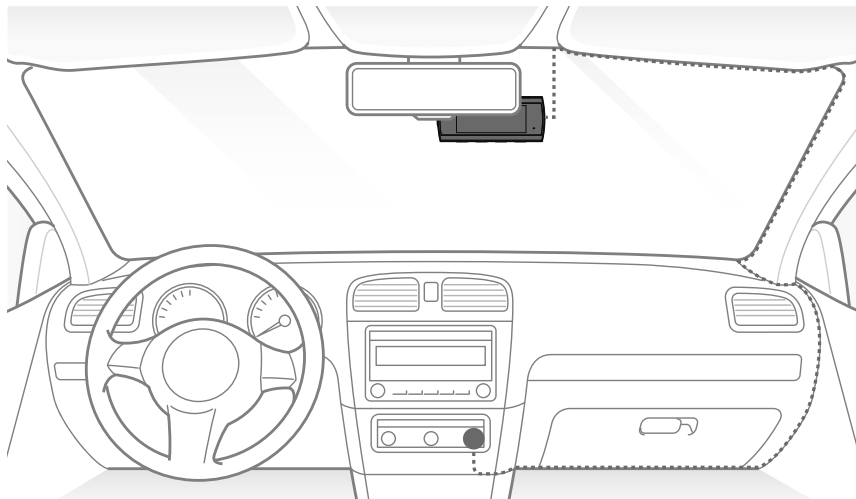

Option 1. Vehicle Supports USB-C Power Output

- Route the power cable along the windshield edge and down the A-pillar.
- Plug the cable **directly into the vehicle's USB-C port**.
- Ensure the port provides sufficient power output (recommended: 5V 2A or higher).

Option 2. Vehicle Does Not Support USB-C Power Output

- Route the power cable along the windshield edge and down the A-pillar.
- Insert the cable into the supplied **car charger adapter**.
- Plug the adapter into the vehicle's **cigarette lighter (12V/24V outlet)**.

⚠ Note : The outlet or USB port location may vary depending on the vehicle.
To enable **Parking Mode**, a **hardwire kit** (sold separately) is required.

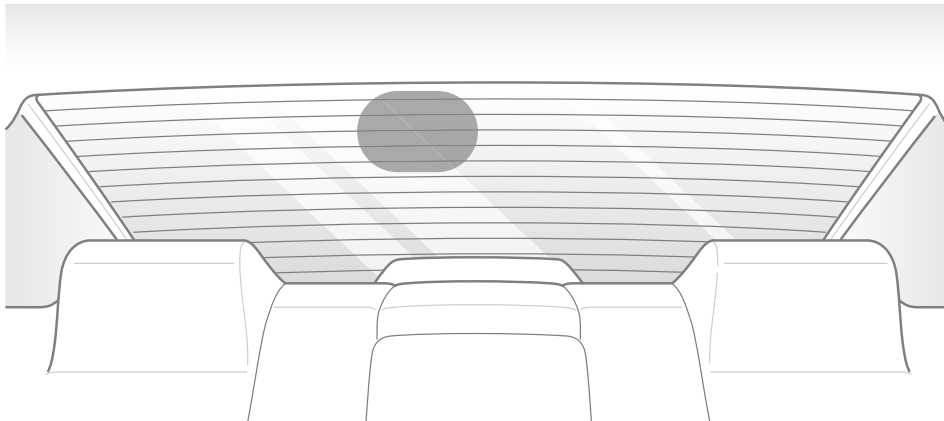

Step 4. Adjust the Front Camera

- Power on the dashcam and open the live preview screen.
- Adjust the camera angle so it faces straight ahead and captures the road clearly.

Step 5. Install the Rear Camera

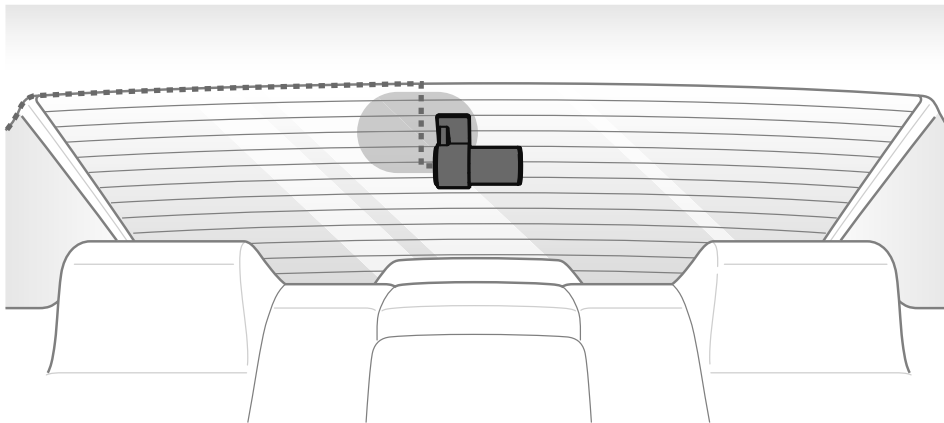

1. Apply the Electrostatic Sticker

- Clean a flat area at the top center of the rear windshield.
- Peel off the backing and place the sticker on the glass (do not cover the lens area).
- Press outward from the center to remove any air bubbles.

2. Connect the Cable

- Run the rear camera cable from the **front camera** along the headliner and through the C-pillar/side trim.
- Plug the cable securely into the rear camera port.

3. Align the Rear Camera (Logo upright)

- Position the rear camera so that the **SAFY logo is oriented correctly (upright)** when viewed from inside the vehicle.
- Secure the mount bracket in this position.

4. Mount the Rear Camera

- Clean the mounting area on the glass.
- Attach the rear camera firmly onto the electrostatic sticker.

5. Adjust the Rear Camera Angle

- Switch the **front camera's display to rear view mode**.
- Tilt the rear camera up or down until it captures a clear, straight view behind the vehicle.

Using the App

Step 1. Download the App

- Scan the QR code provided or search for **"SAFY Direct"** on the App Store (iOS) or Google Play (Android).

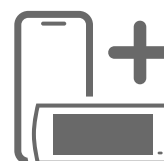

Step 2. Turn on the Dashcam

- Ensure the dashcam is powered on.
- The dashcam will automatically create its own Wi-Fi hotspot.

Step 3. Pair the Dashcam with the App

- Open the **SAFY Direct** app
- Tap the **"+"** icon in the upper-right corner
- Select **SAFY8** from the device list.
- Follow the in-app instructions to complete pairing.

Step 4. Connect your phone to the Dashcam's Hotspot

- Open your smartphone's Wi-Fi settings.
- Select the dashcam's hotspot:
Hotspot name: safy8_XXXX
Default password: 12345678
- Do not connect to your home Wi-Fi or another device's hotspot.

 **Note :** If a VPN is enabled on your phone, disable it before connecting.

Step 5. Ready to Use

With the **Safy Direct App**, you can:

- **Live view** on your phone.
- **Playback** recorded footage anytime.
- **Download videos** directly to your phone.
- **Adjust settings** with just a few taps.
- **Stay updated** via FOTA (Firmware Over-the-Air).
- **Capture moments** instantly with one tap.

Product Specification

Model Name	SAFY8
Color / Size / Weight	Front: Black / W:103.6mm H:26.07mm D:43 mm / 124g Rear: Black / W:63.2mm H:31mm D:31mm / 33g
Image Sensor	Front : 4MP CMOS Image Sensor Rear : 2MP CMOS Image Sensor
Lens	Front: 2G2P1R , f/2.1 Rear: 2G2P, f/2.1
Viewing Angle	Front: H115° V60° D139° Rear: H104° V54.5° D121°
Resolution / Frame Rate	Front: 2K QHD@30fps Rear: FHD@25fps
Video / Audio Codec	H.264 / AAC
Channel	2CH
Memory	microSD Card (Up to 256GB)
Event Recording	Impact detection
Parking Recording Mode	Impact detection, Motion detection, Time-lapse
Car Battery Protection System	Low Voltage Cut-Off (Hardwire kit required)
Loop Recording	O
Event File Protection	O
Video Format	MP4
Wi-Fi	Built-in Wi-Fi (2.4 GHz)
GPS	Built-in
Microphone	Built-in
Speaker	Built-in
LED Indicators	Front: Power / Recording LED Rear: Power LED
G-Sensor	Built-in (3-Axis Acceleration Sensor)
Button	- Power Button: Turns the device and display on or off. - 4 LCD Control Buttons: Used to navigate and operate the LCD display.
Supercapacitor	Built-in
Input Power	DC 5V / 1.5A(USB Mini-B)
Operating Temperature	-20° ~ +60°
Storage Temperature	-30° ~ +80°
Firmware Language	Supports 15 Languages: Korean(한국어) / English(English) / Russian(Русский) Japanese(日本語) / Simplified Chinese(简体) Traditional Chinese(繁體) / German(Deutsch) / French(Français) Spanish(Español) / Italian(Italiano) / Polish / Thai(ไทย) / Arabic(العربية) Portuguese(Português) / Turkish (Türkçe)
Certifications	FCC, IC(ISED), CE, RCM, RoHS, WEEE

Important safety & Regulatory Information

Safety Instructions

- Do not disassemble, repair, or modify the product yourself. Contact the service center for inspection or repair.
- Do not adjust or install the product while driving. Park your car in a safe place before operating the device.
- Do not operate the product with wet hands.
- If any foreign matter or liquid enters the product, disconnect the power immediately and contact the service center.
- Do not cover the product with any material. Use only in a well-ventilated environment.
- Use the product within the specified operating temperature range.
- Do not remove the microSD card while data is being saved or read. Doing so may result in data corruption or malfunction.

CE Regulatory Warning

- This device complies with the essential requirements and other relevant provisions of applicable EU directives.
- Changes or modifications not expressly approved by the manufacturer may void the user's authority to operate the equipment.
- Install and operate the device with a distance of at least 20cm between the radiator and the human body. (excluding extremities such as hands, wrists, feet, and ankles)

Spanish (Español)

Información Importante de Seguridad y Reglamentación

Instrucciones de seguridad

- No desmonte, repare ni modifique el producto usted mismo. Póngase en contacto con el centro de servicio para su inspección o reparación.
- No ajuste ni instale el producto mientras conduce. Estacione su vehículo en un lugar seguro antes de utilizar el dispositivo.
- No utilice el producto con las manos mojadas.
- Si algún objeto extraño o líquido entra en el producto, desconecte inmediatamente la alimentación y póngase en contacto con el centro de servicio.
- No cubra el producto con ningún material. Utilícelo únicamente en un entorno bien ventilado.
- Utilice el producto dentro del rango de temperatura de funcionamiento especificado. No retire la tarjeta microSD mientras se están guardando o leyendo datos. Hacerlo puede provocar corrupción de datos o un mal funcionamiento.

Advertencia reglamentaria CE

- Este dispositivo cumple con los requisitos esenciales y otras disposiciones relevantes de las directivas de la UE aplicables.
- Los cambios o modificaciones no expresamente aprobados por el fabricante pueden anular la autoridad del usuario para operar el equipo.
- Instale y utilice el dispositivo a una distancia de al menos 20 cm entre el radiador y el cuerpo humano. (excluyendo extremidades como manos, muñecas, pies y tobillos)

Informations Importantes de Sécurité et Réglementation

Consignes de sécurité

- Ne démontez pas, ne réparez pas et ne modifiez pas le produit vous-même. Contactez le centre de service pour toute inspection ou réparation.
- N'ajustez pas et n'installez pas le produit pendant que vous conduisez. Garez votre véhicule dans un endroit sûr avant d'utiliser l'appareil.
- N'utilisez pas le produit avec les mains mouillées.
- Si un corps étranger ou un liquide pénètre dans le produit, débranchez immédiatement l'alimentation et contactez le centre de service.
- Ne recouvrez pas le produit avec un matériau. Utilisez-le uniquement dans un environnement bien ventilé.
- Utilisez le produit dans la plage de température de fonctionnement spécifiée.
- Ne retirez pas la carte microSD pendant la lecture ou l'enregistrement de données. Cela peut entraîner une corruption des données ou un dysfonctionnement.

CE Regulatory Warning

- Cet appareil est conforme aux exigences essentielles et autres dispositions pertinentes des directives de l'UE applicables.
- Les changements ou modifications non expressément approuvés par le fabricant peuvent annuler le droit de l'utilisateur à utiliser l'équipement.
- Installez et utilisez l'appareil à une distance d'au moins 20 cm entre le radiateur et le corps humain. (à l'exception des extrémités : mains, poignets, pieds et chevilles)

Informazioni Importanti di Sicurezza e Normative

Istruzioni di sicurezza

- Non smontare, riparare o modificare il prodotto da soli. Contattare il centro di assistenza per ispezione o riparazione.
- Non regolare né installare il prodotto durante la guida. Parcheggiare il veicolo in un luogo sicuro prima di utilizzare il dispositivo.
- Non utilizzare il prodotto con le mani bagnate.
- Se corpi estranei o liquidi entrano nel prodotto, scollegare immediatamente l'alimentazione e contattare il centro di assistenza.
- Non coprire il prodotto con alcun materiale. Utilizzare solo in un ambiente ben ventilato.
- Utilizzare il prodotto entro l'intervallo di temperatura di esercizio specificato.
- Non rimuovere la scheda microSD durante la scrittura o la lettura dei dati. Ciò può causare danni ai dati o malfunzionamenti.

Avvertenza normativa CE

- Questo dispositivo è conforme ai requisiti essenziali e ad altre disposizioni pertinenti delle direttive UE applicabili.
- Modifiche o cambiamenti non espressamente approvati dal produttore possono invalidare l'autorizzazione dell'utente a utilizzare l'apparecchiatura.
- Installare e utilizzare il dispositivo mantenendo una distanza di almeno 20 cm tra il radiatore e il corpo umano. (escluse le estremità: mani, polsi, piedi e caviglie)

Wichtige Sicherheits- und Rechtliche Hinweise

Sicherheitsanweisungen

- Zerlegen, reparieren oder verändern Sie das Produkt nicht selbst. Wenden Sie sich für Inspektion oder Reparatur an das Servicezentrum.
- Nehmen Sie während der Fahrt keine Anpassungen oder Installationen am Produkt vor. Parken Sie Ihr Fahrzeug an einem sicheren Ort, bevor Sie das Gerät verwenden.
- Bedienen Sie das Produkt nicht mit nassen Händen.
- Wenn Fremdkörper oder Flüssigkeiten in das Produkt gelangen, trennen Sie sofort die Stromversorgung und wenden Sie sich an das Servicezentrum.
- Decken Sie das Produkt nicht mit Materialien ab. Verwenden Sie es nur in gut belüfteter Umgebung.
- Verwenden Sie das Produkt nur innerhalb des angegebenen Betriebstemperaturbereichs. Entfernen Sie die microSD-Karte nicht, während Daten gespeichert oder gelesen werden. Dies kann zu Datenverlust oder Fehlfunktionen führen.

CE-Hinweis

- Dieses Gerät erfüllt die grundlegenden Anforderungen und andere relevante Bestimmungen der anwendbaren EU-Richtlinien.
 - Änderungen oder Modifikationen, die nicht ausdrücklich vom Hersteller genehmigt wurden, können die Berechtigung des Benutzers zum Betrieb des Geräts aufheben.
- Installieren und betreiben Sie das Gerät in einem Abstand von mindestens 20 cm zwischen dem Radiator und dem menschlichen Körper. (ausgenommen Gliedmaßen wie Hände, Handgelenke, Füße und Knöchel)

Belangrijke Veiligheids- en Regelgevende Informatie

Veiligheidsinstructies

- Demonteer, repareer of wijzig het product niet zelf. Neem contact op met het servicecentrum voor inspectie of reparatie.
- Stel het product niet af en installeer het niet tijdens het rijden. Parkeer uw voertuig eerst op een veilige plaats.
- Gebruik het product niet met natte handen.
- Als er vreemde voorwerpen of vloeistof in het product terechtkomen, koppel direct de stroom los en neem contact op met het servicecentrum.
- Bedek het product niet met materiaal en gebruik het alleen in een goed geventileerde omgeving.
- Gebruik het product binnen het opgegeven temperatuurbereik.
- Verwijder de microSD-kaart niet tijdens het opslaan of uitlezen van gegevens. Dit kan leiden tot gegevensverlies of storingen.

CE-verklaring

- Dit apparaat voldoet aan de essentiële vereisten en andere relevante bepalingen van de toepasselijke EU-richtlijnen.
- Wijzigingen of aanpassingen die niet uitdrukkelijk door de fabrikant zijn goedgekeurd, kunnen het recht van de gebruiker om het apparaat te bedienen ongeldig maken.
- Installeer en gebruik het apparaat op een afstand van minimaal 20 cm van het menselijk lichaam (uitgezonderd ledematen zoals handen, polsen, voeten en enkels).

FCC Compliance Information

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

FCC ID: YCK-SAFY8

ISED statement

English:

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development

Canada's licence-exempt RSS(s). Operation is subject to the following two conditions: (1) This device may not cause interference.

(2) This device must accept any interference, including interference that may cause undesired operation of the device.

French: Cet appareil contient des émetteurs/récepteurs exempts de licence qui sont conformes aux RSS exemptés de licence

d'Innovation, Sciences et Développement économique Canada.

L'exploitation est soumise aux deux conditions suivantes : (1) Cet appareil ne doit pas provoquer d'interférences. (2) Cet appareil doit

accepter toute interférence, y compris les interférences susceptibles de provoquer un fonctionnement indésirable de l'appareil.

This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment.

Cet équipement est conforme aux limites d'exposition aux rayonnements du Canada établies pour un environnement non contrôlé.

This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Cet équipement est conforme Canada limites d'exposition aux radiations dans un environnement non contrôlé.

Cet équipement doit être installé et utilisé avec une distance minimale de 20 cm entre le radiateur et votre corps.

IC: 23402-SAFY8

Disposal of your SAFY dashcam

1.All electrical and electronic products should be disposed of separately from the municipal waste stream via designated collection facilities appointed by the government or the local authorities.

Contact local authorities to learn about disposal and recycling options available in your area.

2.The correct disposal of your SAFY dashcam will help prevent potential negative consequences for the environment and human health

3.For more detailed information about disposal of your SAFY dashcam, please contact your city office, waste disposal service or the shop where you purchased the product.
