National Technical Systems – Silicon Valley TCB
41039 Boyce Road
Fremont, CA. 94538

To whom it may concern:

The enclosed documents constitute a formal submittal and application for a Change in ID to a previously FCC-certified device and multiple listing for Innovation Science and Economic Development Canada for a wireless 802.11b/g/n module (2x2 with 20 and 40 MHz modes) pursuant to the following rules:

> Subpart C of Part 15 of FCC Rules (CFR 47), Intentional Radiators
> RSS-Gen Issue 5, April 2018, "General Requirements for Compliance of Radio Apparatus"
> RSS-247, Issue 2, February 2017, "Digital Transmission Systems (DTSs), Frequency Hopping Systems (FHSs) and Licence-Exempt Local Area Network (LE-LAN) Devices"

For Industry Canada certification, documentation showing the new label and attestation letters from the company with the existing certification and the company requesting certification of their own model have been provided. Please note that the RSP-100 report cover page information is taken from the original listing.

National Technical Systems – Silicon Valley, as duly authorized agent prepared this submittal. A copy of the letter of our appointment as agent is included with the application.

If there are any questions or if further information is needed, please contact National Technical Systems – Silicon Valley for assistance.

Sincerely,

David W. Bare
Chief Engineer
