Subject: FCC Class II Permission change for FCC ID: YE3600D

Dear Sir/Madam,

Per KDB 178919 D01 v06 and FCC rule part 2.1043:Changes in Certified Equipment, DT Research, Inc. hereby requests a CIIPC FCC ID:YE3600D to Mobile Tablet DT311Y,as detailed below:

--RF module used in this portable device requires SAR testing compliance of which is not performed and demonstrated in Modular approval. Hardware and software info remain unchanged from original Modular Approval filing except that we reduced ANT gain and reduced output RF power of 5GHz band via software of Module FCC ID: YE3600D.

-- Host product also contains a Sierra RFID Module which has been authorized under FCC ID: QV5MERCURY6E-M. Hardware and software info remain unchanged from original Modular Approval filing for RFID Module. SAR testing is required to evaluate simultaneous transmission of both modules. The RFID module has two antenna ports, and only one antenna port is in use.

Sincerely Yours,

Signature:

A handwritten signature in black ink, appearing to read "Kiki Tang". The signature is fluid and cursive, with the first name "Kiki" and the last name "Tang" clearly distinguishable.
