A silver metal door handle assembly is shown against a light-colored, textured background. The handle has a curved, ergonomic shape. On the left side of the handle, the words "Normal" and "R" are handwritten in blue ink. The handle is mounted on a black plastic base, which features a coiled spring mechanism. The spring is made of metal and is connected to the handle and the base. The overall appearance is that of a standard door handle for a vehicle or a piece of equipment.
