Grant Date: 07/22/2016

Cortex H1 Handset
New FCC ID: JYI  ESPH1

June 26, 2020

Attn: Reviewing Engineer

Vesper Marine Ltd. hereby requests a change to the FCC ID applied to the Intrinsyc Qualcomm SOM 410 Module used inside the Cortex H1 Handset.

There is no change in the design, circuitry, or construction of the original module, and the original test results continue to be representative of and applicable to the equipment.

Yours Sincerely,

A handwritten signature in black ink, appearing to read "Carl Omundsen".
