Power up so you can power on

Charge your device up to 80% faster than a standard
charger and keep up with every moment.

- Groundbreaking safety –
stable battery core resists
heat and reduces fire risk
- Perfect for air travel
- Snaps securely to compatible
magnetic phones for instant
charging
- Built-in USB-C cable for
ultimate convenience
- Digital display shows
remaining charge level
- UL approved battery cell
- Input:
- USB-C: 5VDC/3A;9VDC/3A;
12VDC/2.5A
- Output: (Total: 30W)
- USB-C: 5VDC/3A;9VDC/3
A;12VDC/2.5A;15VDC/2A;
20VDC/1.5A
- Wireless Charger: 25W

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

CAUTION: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, maybe cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF Exposure warnings: The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
