Bubble Wireless Speaker
Altavoz inalámbrico Bubble

User Manual Manual del usuario

Conexión/emparejamiento Bluetooth

1. Asegúrese de que el altavoz inalámbrico PureBoom Bubble esté a una distancia de entre 2 y 3 pies (0.6 a 0.9 m) del dispositivo al cual será conectado.
2. **Oprima y mantenga oprimido** el botón de encendido **Ⓢ** para encender el altavoz.
3. Encienda el Bluetooth del dispositivo. La mayoría de los dispositivos detectarán automáticamente su altavoz. Ubique y seleccione **"PureBoom Bubble"**. El LED blanco que parpadea se volverá fijo para indicar que su altavoz ahora está conectado o emparejado.

Si su dispositivo no detecta automáticamente su altavoz, asegúrese de que Bluetooth esté activado, haga una **BÚSQUEDA** de **"PureBoom Bubble"** y luego haga clic en **CONECTAR**.

Connecting / Bluetooth Pairing

1. Make sure the PureBoom Bubble Wireless Speaker is within 2-3 ft (0.6-0.9m) of the device you will be connecting to.
2. **Press and hold** the power button **Ⓢ** to power on the speaker.
3. Turn on your device's Bluetooth. Most devices will automatically detect your speaker. Locate and select **"PureBoom Bubble"**. The flashing white LED will turn steady indicating your speaker is now connected or paired.

If your device does not automatically detect your speaker, make sure Bluetooth is turned on, do a **SEARCH** for **"PureBoom Bubble"** and then click **CONNECT**.

Operating the PureBoom Bubble Wireless Speaker

When playing music:

- To pause/play, **press** the **▶** button.

- To play previous track, **press and hold** the **⏮** button.
- To play next track, **press and hold** the **⏭** button.
- To decrease the volume, **press** the **⏮** button.
- To increase the volume, **press** the **⏭** button.
- Press the **Ⓜ** button to switch between Bluetooth and Aux mode.

When on a call:

- To answer a call, **press** the **▶** button, **double-click** to call back.
- To reject an incoming call, **press and hold** the **▶** button.

Pairing 2 Speakers

- Make sure both speakers are not connected to your phone/device's Bluetooth.

- Turn on both speakers. Speakers will prompt "Bluetooth Mode".
- **Press and hold** the **▶** button on one of the speakers. You will hear a tone confirming the connection is complete.
- Once connected you will see a flashing white light on the primary speaker and a steady white light on the paired speaker.

Activating Siri®

- **Press** the power button **Ⓢ** to activate Siri (iOS).

Features and Specifications

- Frequency response: 85Hz-20KHz
- Charging Input: 5V/1A
- Li-ion battery size: 800mAh
- Impedance: 4Ω

Características y especificaciones

- Respuesta de frecuencia: 85 Hz - 20 KHz
- Carga de entrada: 5V/1A
- Tamaño de la batería de iones de litio: 800 mAh
- Impedancia: 4 Ω

Cumplimiento con la FCC

Este dispositivo cumple con la Parte 15 de las reglas de la FCC. La operación está sujeta a las siguientes dos condiciones:

- (1) este dispositivo no puede causar interferencia dañina, y
- (2) este dispositivo deberá aceptar cualquier interferencia recibida, incluyendo interferencia que pudiera causar una operación indeseable.

Advertencia: Los cambios o modificaciones a esta unidad que no estén expresamente aprobados por la parte responsable del cumplimiento podrían anular la autoridad del usuario para operar el equipo.

NOTA: Este equipo ha sido probado y se encontró que cumple con los límites establecidos para un

FCC Statement

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the

interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RFexposure requirement. The device can be used in portable exposure condition without restriction.

- Consultar al proveedor o a un técnico de radio o televisión con experiencia para que le ayuden.

El dispositivo ha sido evaluado para que cumpla con los requisitos generales de exposición a RF. El dispositivo se puede usar en condiciones de exposición portátil sin restricciones.
