Dear Sir or Madam:

We Audio Partnership LLC. certifies that as U.S agent for service of process on behalf of Audio Partnership PLC. for the purposes of acting as the applicant's agent for service of FCC equipment certification. An agent for service of process holds the obligation to accept the service of process and other documents on behalf of the party chiefly responsible, and to swiftly and dutifully deliver them to that party.

We only provide service of process does no business with the FCC other than being designated an agent for service of process and we don't have an FRN.

Sincerely,
