**Inquiry on 06/19/2018 :**

**Inquiry:**

Dear  
Sir/ Madam,

Our  
client Mindscope Products Inc. is going to apply the FCC certificate (product model number: TTDL11). The EUT is a remote controller of the R/C toy. Please refer to the attached product photo.

According  
to KDB 784748 section A2---When the device is so small, or for such use that it is impracticable to label it with the compliance statement specified in a font that is four-point or larger, and the device does not have a display that can show electronic labeling, then the information required shall be placed in the instruction manual, and on the device packaging or on a removable label attached to the device.

Please  
advise if it is ok for our client to place the FCC 15.19 compliance statement to user manual and package for this product.

Thanks.

Viola Yang

**FCC response on 06/19/2018**

Yes that is acceptable.
