

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

POLICE CHASE

The logo for Twister Tracks Dual Lane. It features the words "NEON GLOW" in a small, yellow, sans-serif font at the top. Below it, "TWISTER" is written in large, blue, outlined letters with a slight 3D effect. Underneath "TWISTER", the word "TRACKS" is written in a bold, orange, sans-serif font. At the bottom, "DUAL LANE" is written in large, white, outlined letters with a black drop shadow. The entire logo is set against a dark blue background with a stylized, glowing yellow and green track curving through it.

Remove old batteries and replace with new batteries. Be sure to insert batteries correctly according to (+) and (-) symbols located in the battery compartment. Always follow the battery manufacturer's instructions.

Do not mix old and new batteries.

Batteries:

- Do not mix alkaline, standard (zinc-zinc), or rechargeable (nickel-cadmium) batteries.
- Do not dispose of batteries in fire
- Do not dispose of batteries near or to be recycled
- Non-rechargeable batteries may not be recharged

For best results use alkaline batteries.
