CAUTION:

- Remove old batteries and replace with new batteries. Be sure to insert batteries correctly according to (+) and (-) symbols located in the battery compartment.
- Be sure to insert batteries correctly with adult supervision and always follow the toy and battery manufacturer's instructions.
- Do not mix old and new batteries.
- Do not mix alkaline, standard (carbon-zinc), or rechargeable (nickel-cadmium) batteries.
- Rechargeable batteries are not to be removed from the toy before being charged.
- Non-rechargeable batteries should be recharged.
- Do not dispose of batteries in fire.
- Batteries should be recycled or disposed of as per state and local guidelines.
- Rechargeable batteries are only to be used with the manufacturer's adult supervision.
- Only batteries of the same equivalent type as recommended are to be used.
- The supply terminals are not to be short-circuited.
- Always wear eye wear or shield the eyes from the product.
- Remove batteries if the product will be stored for an extended period of time.
- Please read these instructions for future reference.

Only use alkaline batteries.

This device has been tested and found to comply with the limits for class B digital devices, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in residential installations. However, there is no guarantee that interference will not occur in a particular installation. If the equipment does cause harmful interference, to radio or TV reception, which is determined by turning the equipment off and on, the user is encouraged to try to correct the interference.

1. This device must not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not properly installed and used, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
