WARRANTY AND SAFETY INSTRUCTIONS
Model ES-2500

STEM CONNECT LIMITED WARRANTY

THIS LIMITED WARRANTY CONTAINS IMPORTANT INFORMATION ABOUT YOUR RIGHTS AND OBLIGATIONS, AS WELL AS LIMITATIONS AND EXCLUSIONS THAT MAY APPLY TO YOU.

What does the Stem warranty cover?

Stem warrants that its products shall be free from defects in materials or workmanship, with the exceptions stated below.

What is the period of coverage?

One year from the date of original purchase (unless additional coverage required by law).

What does the warranty not cover?

This warranty does not cover software that may be used with the product. Stem shall not be liable for any data loss or incidental or consequential damages related to this product. Some jurisdictions do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty provides you with specific legal rights, you may have other rights, which may vary from one state, province or country to another. This warranty does not cover any defect, malfunction or failure that occurs as a result of: misuse or failure to follow the product directions; abuse; or use with improper, unintended or faulty equipment. Further, opening sealed components, modifying or tampering with the product, adding or

removing components not intended for use with this will immediately render this warranty null and void.

What will Stem do to correct the problem?

Stem will, at its option, repair or replace any product that proves to be defective in material or workmanship. If your product is no longer being manufactured, or is out of stock, at its option, Stem may replace your product with a similar Stem product.

How to obtain warranty service:

To get a covered product repaired or replaced, you must contact Stem during the warranty period by either calling (800) 704-7186 if you are in the U.S., or by e-mail

www.steminnovation/support

If you email Stem, you must include your name, address, email address, telephone number, date of purchase and a complete description of the problem you are experiencing. If the problem appears to be related to a defect in material or workmanship, Stem will provide you a return authorization and instructions for return shipment.

The above limited warranties and remedies do not extend to third-party products used with the product.

CUSTOMER CARE

If you have any further questions about the operation or use of this product please contact our customer care team for assistance at **www.steminnovation/support** or by phone at (800) 704-7186.

USA FCC Class B notice

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help.

USA FCC Declaration of Conformity

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This product is not certified or intended for outdoor use in the 5GHz Wi-Fi band.

Canadian DCS-GEN Sec. 7.1.3 Declaration

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radio technique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

RF Exposure

The antenna (or antennas) must be installed so as to maintain at all times a distance minimum of at least 20 cm between the radiation source (antenna) and any individual. This device may not be installed or used in conjunction with any other antenna or transmitter.

L'exposition aux RF: L'antenne (ou les antennes) doit être installée de façon à maintenir tout instant une distance minimum de au moins 20 cm entre la source de radiation (l'antenne) et toute personne physique.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

Attention: Les changements ou modifications de cet appareil non expressément approuvés par le fabricant peuvent annuler votre droit d'utiliser cet équipement.

California Proposition 65 Notice
a WARNING: The plastics used in the product contain BPA (Bisphenol-A), a chemical known to the State of California to cause harm to the female reproductive system. However, the outer surface of the camera is coated with a BPA-free soft touch material, and other surfaces have been tested for Proposition 65 compliance.

e-Waste Notice
Please do not dispose of this product or its components in regular household trash. If the product is out of warranty and cannot be repaired, please deliver to a certified and reputable electronic or e-waste or e-cycling facility where valuable component parts can be recovered and undesirable components kept out of the soil, air and water. Repair instructions for similar out of warranty electronic products can be found at iFixit. If the product is usable, consider a donation or sale.

Design Notice
Designed and built in the United States of America, using globally sourced parts.

US Notice

Caution: camera is rated for dry area indoor use only, at a maximum recommended temperature of 40C. The camera must be used with a Listed Class II or LPS USB power supply with an output rating of 5Vdc, 21A max.

Attention: la caméra est évaluée pour une utilisation à l'intérieur des zones sèches, à une température maximale recommandée de 40 °C. La caméra ne doit être utilisée qu'avec une alimentation USB Classe II ou LPS classée avec une puissance nominale de 5Vdc, 21A max.

Cord Notice for Baby Monitor Use

A White Stem Connect can be a great baby monitor, keep all parts of the camera and cord at least 3 feet away from any crib or any area where an infant child is allowed to sleep. Do not plug Stem Connect into an outlet within 3 feet of a crib. Do not use clips or ties that can be pulled loose or cause a hazard.

TODO: Spanish cord warning
TODO: French cord warning

Bryce Nesbitt 8/25/2017 11:50 AM

Comment [1]: Please remove extension cord note. Extension cord may be needed to keep monitor far enough from crib.
