

FCC Application Cover Letter

Date: 10/24/2023

Re: FCC Application
FCC ID: YST-NX26

To whom it may concern,

Exigent Sensors LLC is seeking original certification of its new Water Sensor, Model Number CFWS10 under FCC 15.247. This radio operates using wideband frequency modulation and frequency hopping between 905.2Mhz and 913.2Mhz, but also meets the requirements of a DTS radio and was tested as a DTS radio.

Sincerely,

Chad Christensen
