MEMORANDUM

TO:	MET Laboratories, Inc. 914 West Patapsco Avenue Baltimore, MD 21230	DATE:	2/11/14
FROM:	QinetiQ North America, Inc. Technology Solutions Group 350 Second Avenue Waltham, MA 02451	NAME:	1102197315
CC:		REVISED:	
SUBJECT:	Confidentiality Request for User Manuals (1102196088, 1102196091)		

To whom it may concern:

QinetiQ North America, Inc. Technology Solutions Group (QNA TSG) requests that the user manuals 1102196088 (User Manual, Transformer Meter) and 1102196091 (User Manual, Feeder Meter) be held confidential, and be permanently withheld from public review, unless otherwise instructed by QNA.

The devices are designed for installation on utility poles and are not accessible to the general public, and are serviceable only by designated technicians. These user manuals also contain sensitive information that is not intended for use by non-technical personnel. Therefore, QNA requests that they not be shared with the public.

Please see signed contract VAN01: 3099350: v17, Schedule 11, which includes Information Protection clauses and serves the purpose of a Non-Disclosure Agreement.

Please contact me if there is any information you may need.

Sincerely,

Chuck DeLoid
Senior Systems Engineer
