Subject: Additional Permanent Confidentiality Request

FCC ID: **YYX-FS5332**

To whom it may concern:

Pursuant to Sections 0.457(d)(1)(ii) and 0.459 of the Commission's Rules, Frontier Silicon Limited hereby requests permission for additional permanent confidential treatment for documents filed with the Commission in connection with application for authorisation referenced above.

Permanent Confidentiality

In addition to the documents listed in the Confidentiality Request Letter, Frontier Silicon Ltd. requests permission from the Commission to also withhold the following documents from public viewing indefinitely instead of only short term:

- User Manual
- Internal Photos

These documents reveal detailed technical and design information that is protected by Frontier Silicon Ltd. as confidential and proprietary trade secrets. This information has been disclosed to those required to maintain its confidentiality, and is not customarily disclosed to the public even after commercial release of the device. As a result, disclosure of this information by the Commission would harm Frontier Silicon Ltd. by giving competitors an unfair advantage even after commercial release of the device.

The draft NDA exhibit is applicable to the User Manual and Internal Photos (internal photos and pictures are prohibitive and intellectual property), as they are released to our customers only strictly under NDA.

The Applicant understands that pursuant to Rule 0.457(d)(1)(ii), disclosure of this Application and all accompanying materials will not be made before the date of the Grant for this Application.

Yours sincerely,
