

FCC ID: Z23012A

Justification of Label Location

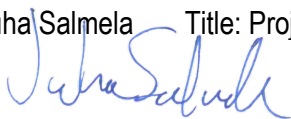

Regarding: Label Location of *FCC ID: Z23012A*

We, Teenage Engineering AB, hereby declare that the label of the equipment will not be visible on the exterior of the equipment enclosure. Per KDB 784748 D01 Labelling Part 15 &18 Guidelines v08, we use an alternative option to place FCC label on the device, all requirements as below are met:

	Requirements	Justification
1	The device is handheld;	It's handled.
2	The FCC identifier is visible at the time of purchase. The FCC ID on the box, or additional documentation directing the user where to find the FCC label, also satisfies this requirement;	Location of label is mentioned in user manual.
3	The user accessible area must not require any special tools for access, and the FCC label must not be placed on a removable part;	When opening battery cover and battery, Label could be easily seen. No special tool is required to access this label area. Label is not on removable part but on the product itself.
4	The FCC ID must be on the label and must meet all general labelling requirements or policies that apply for Certification.	Yes.
