

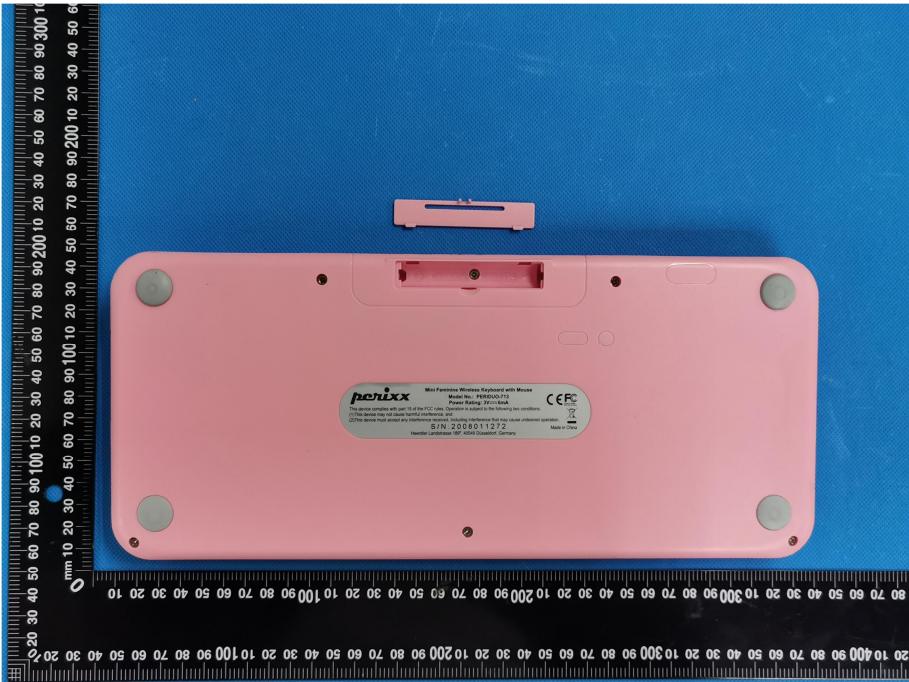

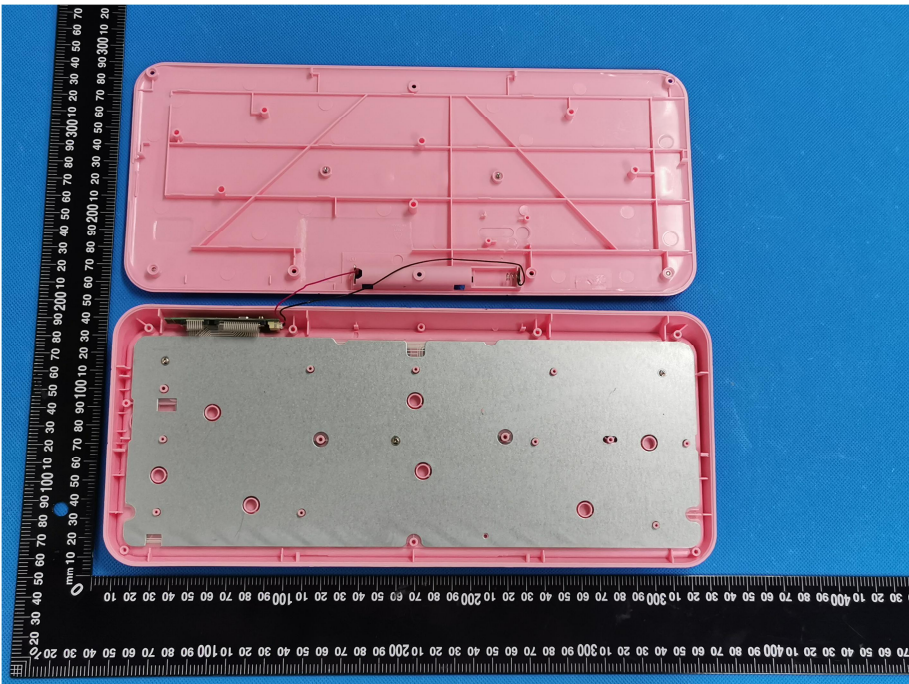

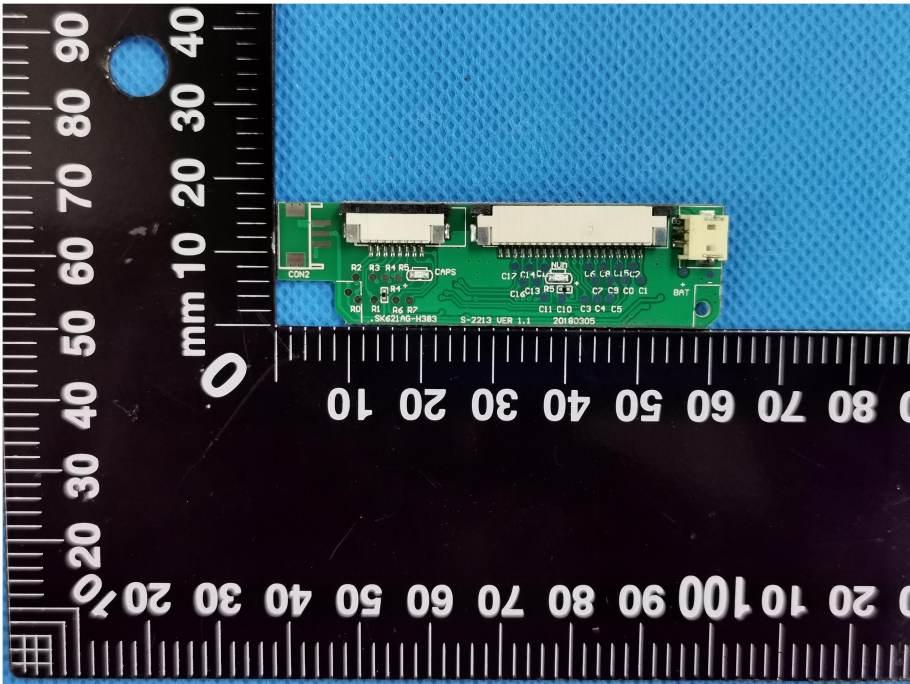

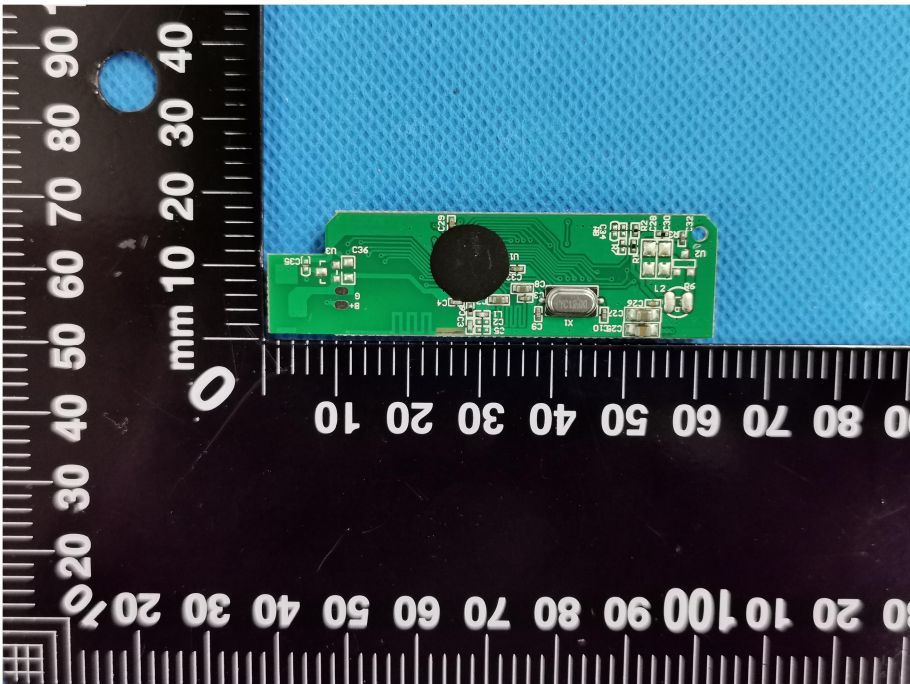

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	
EUT Housing and Board View 2	

Solder Board-Component View 1	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 1'. The board is rectangular and populated with various electronic components, including resistors, capacitors, and integrated circuits. It features a multi-pin connector on one end and a battery symbol on the other. The board is placed on a blue textured surface. A black L-shaped ruler with white millimeter markings is positioned to the left and bottom of the board for scale. The ruler shows the board is approximately 60mm wide and 25mm high.
Solder Board-Component View 2	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 2'. This board is smaller and more densely populated with components than the first one, including a large black circular component (possibly a capacitor or inductor) and several integrated circuits. It is also placed on a blue textured surface. A black L-shaped ruler with white millimeter markings is positioned to the left and bottom of the board for scale. The ruler shows the board is approximately 40mm wide and 20mm high.
